Attendance Policy

Mountain Heights Academy

Attendance Policy

Adopted: July 14, 2009

Amended: October 5, 2018

Purpose

Mountain Heights Academy (the “School”) is committed to providing a quality education for every student. The School firmly believes that consistency in schoolwork teaches students responsibility. Students learn the value of planning and preparation. Long breaks between work and infrequent attention to coursework results in a loss of continuity of instruction. Inattentiveness to school work may lead to a student’s failure to earn credits required for graduation and possibly permanent dismissal from the School.

However, the School realizes that students and their families are attracted to the School because of its innovative approach to education and unique educational platform. The School strives to provide a great deal of flexibility for its students in connection with their studies.

Policy

It is the policy of the School that it provide at least 990 instructional hours over the course of each school year, to full-time students, as required by Utah Administrative Rule R277-419-4.

The School recognizes that, pursuant to Utah Administrative Rule R277-419-4, the School is not subject to the requirement that students attend 180 school days each year and therefore does not require students to “attend” school for a certain number of days each year.

However, the School recognizes the need for students to work regularly and consistently in order to complete their courses and the required hours of instruction, so students are to log-in regularly and at a minimum of once a week. Accordingly, the School’s Director will work with a committee designated by the Board of Directors to develop procedures to ensure that students obtain the required instructional hours while preserving the flexibility that the School’s student population values.

Background Check Policy

Mountain Heights Academy

Background Check Policy

Adopted: April 6, 2011

Amended: May 26, 2016

Policy

Any person submitting to a background check for the School will sign a waiver notifying the individuals (a) that a criminal background check will be conducted, (b) who will see the information received as a result of the background check, and (c) how that information will be used.

 - vi. social security number, and
 - vii. fingerprints;
- b) a fee as set forth below;
- c) consent and waiver on a form specified by the School for the background check acknowledging that their fingerprints are being registered for ongoing monitoring by the School.

The School will submit such individuals' personal identifying information, including fingerprints, to the Utah Bureau of Criminal Identification for an initial background check and ongoing monitoring (if the results of the initial criminal background check do not contain disqualifying criminal history information as determined by the School).

Ongoing Monitoring

The School will request that the fingerprints taken for the purpose of conducting criminal background checks be registered with any rap back system maintained to provide ongoing status notifications to the School of any criminal history reported on individuals whose fingerprints are registered in the system.

Payment of Fee for Background Check

Applicants for employment, including substitutes, shall be required to pay the designated costs of background checks subject to the provisions of Utah Code Ann. § 53A-15-1503(2).

The School shall pay the cost of the background check for current non-licensed employees and volunteers of the School.

The School will not pay the cost of fingerprinting for School employees or volunteers.

When making decisions regarding employment or appointment based on the information received from a criminal background check, the School will consider:

- a) any convictions, including pleas in abeyance;
- b) any matters involving a felony; and

 - i. sexual offense;
 - ii. class A misdemeanor drug offense;
 - iii. offense against the person under Title 76, Chapter 5, Offenses Against the Person;

 - v. any other type of criminal offense, if more than one occurrence of the same type of offense is alleged to have occurred within the previous eight years.

Only those convictions which are job-related for the employee, applicant, or volunteer will be considered by the School.

Opportunity to Respond to Background Check

The School will provide an individual an opportunity to review and respond to any criminal history information received as a result of submitting for a criminal background check or through ongoing monitoring.

If a person is denied employment or appointment or is dismissed from employment or appointment because of information obtained through a criminal background check or ongoing monitoring, the person may request a review of the information received and the reasons for the disqualification and shall be provided written notice of the reasons for denial or dismissal and of the individual's right to request a review of the disqualification.

Confidentiality

Information received by the School as a result of a background check will only be (a) available to individuals involved in the hiring or background investigation process for that individual and

(b) used for the purpose of assisting the School in making employment-related decisions. Any person who disseminates or uses any such information for any other purpose is subject to criminal penalties and civil liability as set forth in applicable law.

Privacy Risk Mitigation Strategy

The School will employ reasonable privacy risk mitigation strategies to ensure that the School only receives notifications for individuals with whom the School maintains an authorizing relationship. Specifically, upon (a) termination of an employee's employment with the School, (b) expiration of a Board Member's term without renewal, or (c) resignation of Board Member, the administration will ensure that the School's management company receives notification of the event. The School's management company will take any steps necessary to terminate ongoing monitoring for such individuals and will document the date on which such steps were taken. For volunteers, the School's management company will establish a schedule to review the volunteers registered for ongoing monitoring for the School, consult with School personnel to determine whether such individuals are still volunteering for the School, and terminate ongoing monitoring for individuals as appropriate.

Bullying and Hazing Policy

Mountain Heights Academy

Bullying and Hazing Policy

Adopted: October 5, 2010

Amended: May 17, 2017

Amended: October 5, 2018

Policy

The purpose of this policy is to prohibit bullying, cyber-bullying, hazing, retaliation, and abusive conduct involving Mountain Heights Academy (the “School”) students and employees. The School’s Board of Directors (the “Board”) has determined that a safe, civil environment in School is necessary for students to learn and achieve high academic standards and that conduct constituting bullying, cyber-bullying, hazing, retaliation, and abusive conduct disrupts both a student’s ability to learn and the School’s ability to educate its students in a safe environment. Bullying, cyber-bullying, hazing, retaliation, and abusive conduct towards students and employees are against federal, state and local policy and are not tolerated by the School. The School is committed to providing all students with a safe and civil environment in which all members of the School community are treated with dignity and respect. To that end, the School has in place policies, procedures, and practices that are designed to reduce and eliminate this conduct—including but not limited to civil rights violations—as well as processes and procedures to deal with such incidents. Bullying, cyber-bullying, hazing, retaliation, and abusive conduct towards students and/or employees by students and/or employees will not be tolerated in the School. Likewise, abusive conduct by students or parents against School employees is prohibited by the School and will not be tolerated in the School.

In order to promote a safe, civil learning environment, the School prohibits all forms of bullying of students and School employees (a) on School property, (b) at a School-related or sponsored event, or (c) while the student or School employee is traveling to or from School property or a School-related or sponsored event.

The School prohibits all forms of hazing or cyber-bullying of or retaliation against students and School employees at any time and any location.

Students and School employees are prohibited from retaliating against any student, School employee or an investigator for, or witness of, an alleged incident of bullying, cyber-bullying, hazing, abusive conduct, or retaliation.

Students and School employees are prohibited from making false allegations of bullying, cyber-bullying, hazing, abusive conduct, or retaliation against a student or School employees.

In addition, School employees, coaches, sponsors and volunteers shall not permit, condone or tolerate any form of hazing, bullying, or abusive conduct and shall not plan, direct, encourage, assist, engage or participate in any activity that involves hazing, bullying, or abusive conduct.

Any bullying, cyber-bullying, hazing, abusive conduct, or retaliation that is found to be targeted at a federally protected class is further prohibited under federal anti-discrimination laws and is subject to OCR compliance regulations.

Definitions

Abusive Conduct – For purposes of this policy, “abusive conduct” means verbal, nonverbal, or physical conduct of a parent or student directed toward a School employee that, based on its severity, nature, and frequency of occurrence, a reasonable person would determine is intended to cause intimidation, humiliation, or unwarranted distress. A single act does not constitute abusive conduct.

Bullying -- For purposes of this policy, "bullying" means a School employee or student intentionally committing a written, verbal, or physical act against a School employee or student that a reasonable person under the circumstances should know or reasonably foresee will have the effect of:

- (1) causing physical or emotional harm to the School employee or student;
- (2) causing damage to the School employee’s or student’s property;
- (3) placing the School employee or student in reasonable fear of:
 - (a) harm to the School employee’s or student’s physical or emotional well-being; or

- (5) substantially interfering with a student having a safe school environment that is necessary to facilitate educational performance, opportunities, or benefits.

Bullying also includes relational aggression or indirect, covert, or social aggression, including rumor spreading, intimidation, enlisting a friend to assault a child, and social isolation.

This conduct constitutes bullying, regardless of whether the person against whom the conduct is committed directed, consented to, or acquiesced in, the conduct. In addition, bullying is commonly

understood as aggressive behavior that is intended to cause distress and harm; exists in a relationship in which there is an imbalance of power and strength; and is repeated over time.

Civil Rights Violations – For purposes of this policy, “civil rights violations” means bullying, including cyber-bullying, abusive conduct, or hazing that is targeted at a federally protected class.

Cyber-bullying -- For purposes of this policy, "cyber-bullying" means using the Internet, a cell phone, or another device to send or post text, video, or an image with the intent or knowledge, or with reckless disregard, that the text, video, or image will hurt, embarrass, or threaten an individual, regardless of whether the individual directed, consented to, or acquiesced in the conduct, or voluntarily accessed the electronic communication.

Federally protected class – For purposes of this policy, “federally protected class” means any group protected from discrimination under federal law.

- (1) Title VI of the Civil Rights Act of 1964 prohibits discrimination on the basis of race, color, or national origin.
- (2) Title IX of the Education Amendments of 1972 prohibits discrimination on the basis of sex.
- (3) Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act of 1990 prohibits discrimination on the basis of disability.
- (4) Other areas included under these acts include religion, gender, and sexual orientation.

Hazing -- For purposes of this policy, “hazing” means a School employee or student intentionally, knowingly, or recklessly committing an act or causing another individual to commit an act toward a School employee or student that:

- (1) (a) endangers the mental or physical health or safety of a School employee or student;
- (b) involves any brutality of a physical nature, including whipping, beating, branding, calisthenics, bruising, electric shocking, placing of a harmful substance on the body, or exposure to the elements;
- (c) involves consumption of any food, alcoholic product, drug, or other substance or other physical activity that endangers the mental or physical health and safety of a School employee or student; or
- (d) involves any activity that would subject a School employee or student to extreme mental stress, such as sleep deprivation, extended isolation from social contact, or conduct that subjects a School employee or student to extreme embarrassment, shame, or humiliation; and

(2) (a)(i) is committed for the purpose of initiation into, admission into, affiliation with, holding office in, or as a condition for membership in a School or School sponsored team, organization, program, club, or event; or

(ii) is directed toward a School employee or student whom the individual who commits the act knows, at the time the act is committed, is a member of, or candidate for membership in, a School or School sponsored team, organization, program, club, or event in which the individual who commits the act also participates.

(3) The conduct described above constitutes hazing, regardless of whether the School employee or student against whom the conduct is committed directed, consented to, or acquiesced in, the conduct.

Retaliate or Retaliation -- For purposes of this policy, "retaliate or retaliation" means an act or communication intended:

(1) as retribution against a person for reporting bullying or hazing; or

(2) to improperly influence the investigation of, or the response to, a report of bullying or hazing.

School Employee – For purposes of this policy, “School employee” means an individual working in the individual’s official capacity as:

(1) a School teacher;

(2) a School staff member;

(3) a School administrator; or

(4) an individual:

(a) who is employed, directly or indirectly, by the School; and

(b) who works on the School’s campus(es).

Reporting and Investigation

Students who have been subjected to or witnessed hazing, bullying, cyber-bullying, or retaliation, and students who have witnessed abusive conduct, must promptly report such incidents to any School personnel orally or in writing.

School employees who have been subjected to or witnessed hazing, bullying, cyber-bullying, abusive conduct, or retaliation must report such incidents to the School’s Director orally or in writing.

Each report of prohibited conduct shall include: name of complaining party; name of victim of prohibited conduct (if different than complaining party); name of offender (if known); date and location of incident(s); and a statement describing the incident(s), including names of witnesses (if known). In connection with a report of prohibited conduct, students and School employees may request that their identity be kept anonymous, and reasonable steps shall be taken by the Director and others involved in the reporting and investigation to maintain the anonymity of such individuals, if possible. School employees will take strong responsive action to prevent retaliation, including assisting students who are victims of prohibited conduct and his or her parents or guardians in reporting subsequent problems and new incidents.

The Director or designee shall promptly make a reasonably thorough investigation of all complaints of prohibited conduct, including, to the extent possible, anonymous reports, and shall, in accordance with the Consequences of Prohibited Behavior section below, administer appropriate discipline to all individuals who violate this policy. Formal disciplinary action is prohibited based solely on an anonymous report.

The Director may report to law enforcement all acts of bullying, cyber-bullying, hazing, abusive conduct, or retaliation that constitute suspected criminal activity.

The Director may report to OCR all acts of bullying, hazing, cyber-bullying, abusive conduct, or retaliation that may be violations of student(s)' or employee(s)' civil rights.

It is the School's policy, in compliance with state and federal law, that students have a limited expectation of privacy on the School's computer equipment and network system, and routine monitoring or maintenance may lead to discovery that a user has violated School policy or law. Also, individual targeted searches will be conducted if there is reasonable suspicion that a user has violated policy or law. Personal electronic devices of any student suspected of violation of this policy will be confiscated for investigation and may be turned over to law enforcement.

Parental Notification

The Director or designee will timely notify a student's parent or guardian (a) if the student threatens to commit suicide or (b) of any incidence of bullying, cyber-bullying, hazing, abusive conduct, or retaliation involving the student. The Director or designee will attempt to contact the parent or guardian by telephone or schedule an in-person meeting with them to discuss these matters. In the event the Director or designee is not able to meet in person or discuss via telephone, the Director or designee will send a letter to the parent or guardian providing the required notification.

The Director or designee will produce and maintain a record that verifies that the parent or guardian was notified. If an in-person meeting takes place, the Director or designee will ask the parent or guardian to sign a form acknowledging that the notification was provided. If a telephone conversation takes place, the Director or designee will document the date and time of the telephone call, who was spoken to, and brief notes regarding the notification that was provided and the content of the conversation. If a letter is sent, the Director or designee will retain a copy of the letter along with a note regarding when it was

mailed. The School will retain the record as long as the student is enrolled at the School and destroy the record after that time. The School will maintain the confidentiality of the record in accordance with Utah Code 53G-9-604.

Student Assessment

The Director or designee will solicit student assessments of the prevalence of bullying, cyber-bullying, and hazing in the School, specifically locations where students are unsafe and additional adult supervision may be required, such as playgrounds, hallways, and lunch areas.

Consequences of Prohibited Behavior

School officials have the authority to discipline students for off-campus speech that causes or threatens a substantial disruption on campus, including School activities, violent altercations, or a significant interference with a student's educational performance and involvement in School activities.

If, after an investigation, a student is found to be in violation of this policy by participating in or encouraging conduct prohibited by this policy, the student shall be disciplined by appropriate measures up to, and including, suspension and expulsion, pursuant to Utah Code Ann. 53G-8-205, removal from participation in School activities, and/or discipline in accordance with regulations of the U.S. Department of Education Office for Civil Rights (OCR).

If, after an investigation, a School employee is found to be in violation of this policy, the employee shall be disciplined by appropriate measures, which may include termination, reassignment or other appropriate action.

Grievance Process for School Employees

As explained above, a School employee who has experienced abusive conduct must report the incident to the School Director orally or in writing. If the School employee is not satisfied with the Director's or designee's investigation of the abusive conduct and/or the resulting disciplinary action (or recommended disciplinary action) against the perpetrator, the School employee may address/raise the issue in accordance with the School's Staff Grievance Policy.

Additional Provisions

The Director will ensure compliance with OCR regulations when civil rights violations are reported, as follows:

(1) Once the School knows or reasonably should know of possible student-on-student bullying, cyber-bullying, or hazing, the School must take immediate and appropriate action to investigate.

(2) If it is determined that the bullying, cyber-bullying, or hazing did occur as a result of the student-victim's membership in a protected class, the School shall take prompt and effective steps reasonably calculated to:

- (a) end the bullying, cyber-bullying, or hazing
- (b) eliminate any hostile environment, and
- (c) prevent its recurrence.

(3) These duties are the School's responsibilities even if the misconduct is also covered by a separate anti-bullying policy and regardless of whether the student makes a complaint, asks the School to take action, or identifies the bullying, cyber-bullying, or hazing as a form of discrimination.

The Director will take reasonable steps to ensure that any victim of prohibited conduct will be protected from further hazing, bullying, cyber-bullying, abusive conduct, and retaliation and that any student or School employee who reports such incidents will be protected from retaliation.

If the Director believes that any victim or perpetrator of conduct prohibited by this policy would benefit from counseling, the Director may refer such individuals for counseling.

To the extent allowable under applicable privacy laws, the Director may inform the parents or guardians of a student who is a victim of conduct prohibited by this policy of the actions taken against the perpetrator of such conduct.

If the Director believes that it would be in the best interests of the individuals involved, the Director may involve the parents or guardians of a perpetrator or victim of hazing, bullying or retaliation in the process of responding to and resolving conduct prohibited by this policy.

Distribution of Policy and Signed Acknowledgement

The Director will inform students, parents or guardians, School employees and volunteers that hazing, bullying, cyber-bullying, abusive conduct, and retaliation are prohibited and will distribute a copy of this policy to such individuals. A copy of this policy will also be posted on the School's website and included in any student conduct or employee handbooks issued by the School. On an annual basis, School employees, students who are at least eight years old, and parents or guardians of students shall sign a statement indicating that they have received this policy.

Training

The Director will ensure that School students, employees, coaches, and volunteers receive periodic training from individuals qualified to provide such training regarding bullying, cyber-bullying, hazing, abusive conduct, and retaliation, including training on civil rights violations and compliance when civil

rights violations are reported. The training shall meet the standards established by the State Board of Education's rules.

To the extent possible, programs or initiatives designed to provide training and education regarding the prevention of bullying, hazing, abusive conduct, and retaliation will be implemented.

The training provided under this policy will address issues such as:

- (1) overt aggression that may include physical fighting such as punching, shoving, kicking, and verbal threatening behavior, such as name calling, or both physical and verbal aggression or threatening behavior;
- (2) relational aggression or indirect, covert, or social aggression, including rumor spreading, intimidation, enlisting a friend to assault a child, and social isolation;
- (3) sexual aggression or acts of a sexual nature or with sexual overtones;
- (4) cyber-bullying, including use of email, web pages, text messaging, instant messaging, social media, three-way calling or messaging or any other electronic means for aggression inside or outside of school;
- (5) bullying, cyber-bullying, hazing and retaliation based upon the students' or employees' identification as part of any group protected from discrimination under the following federal laws: (a) Title VI of the Civil Rights Act of 1964, including discrimination on the basis of race, color, or national origin; (b) Title IX of the Education Amendments of 1972, including discrimination on the basis of sex; or (c) Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act of 1990, including discrimination on the basis of disability; and
- (6) bullying, cyber-bullying, hazing, and retaliation based upon the students' actual or perceived characteristics, including race, color, national origin, sex, disability, religion, gender identity, sexual orientation, or other physical or mental attributes or conformance or failure to conform with stereotypes.

The training provided under this policy will complement the suicide prevention program required for students under R277-620 and the suicide prevention training required for licensed educators consistent with Section 53G-704(1). The training will also include information on when issues relating to this policy may lead to student or employee discipline.

This training shall be offered to all new school employees, coaches, and volunteers and shall be offered to all existing school employees, coaches, and volunteers at least once every three years.

In addition to training for all students and School employees, students, employees, and volunteer coaches involved in any athletic program, both curricular and extracurricular or extra-curricular club or activity shall participate in bullying, cyber-bullying, hazing, and retaliation prevention training. This training

shall be offered to new participants on an annual basis and to all participants at least once every three years. The School will inform student athletes and extracurricular club members of prohibited activities under this Policy and potential consequences for violation of this Policy and applicable law.

The Director will ensure that training curriculum, schedules, and participant lists or signatures are maintained by the School and provided to the Utah State Board of Education upon request.

Action Plan to Address Reported Incidents of Bullying, Cyber-Bullying, Hazing, or Retaliation

The School will investigate all allegations of incidents of bullying, cyber-bullying, hazing, and retaliation in accordance with this policy and applicable law.

The Director or their designee will investigate allegations of these incidents and ensure that this individual has adequate training to conduct such an investigation.

The School will investigate all allegations of these incidents by interviewing at least the alleged targeted individual and any individuals who are alleged to have engaged in the prohibited conduct. As part of the investigation, the School may also interview: (a) parents of the alleged targeted individual and the individual who is alleged to have engaged in prohibited conduct; (b) any witnesses; (c) School staff; and (d) other individuals who may provide additional information.

The individual who investigates an allegation of an incident will inform an individual being interviewed that (i) to the extent allowed by law, the individual is required to keep all details of the interview confidential; and (ii) further reports of bullying will become part of the review. However, the confidentiality requirement described in this paragraph does not apply to conversations with law enforcement, requests for information pursuant to a warrant or subpoena, a state or federal reporting requirement, or other reporting required by applicable law.

In conducting this investigation, the School may (a) review disciplinary reports of involved students; and (b) review physical evidence, including video or audio, notes, email, text messages, social media, or graffiti.

The School will report incidents of bullying, cyber-bullying, hazing, and retaliation to law enforcement when the administrator reasonably determines that the alleged incident may have violated criminal law.

Following the investigation of a confirmed allegation of an incident of bullying, cyber-bullying, hazing, or retaliation, the School may, if the administrator determines it is appropriate, take positive restorative justice practice action, as defined in R277-613-2(9) and support involved students through trauma-informed practices, as defined in R277-613-2(12). However, an alleged targeted individual is not required to participate in a restorative justice practice with an individual who is alleged to have engaged in prohibited conduct. If the School would like an alleged targeted individual who is a student to participate in a restorative justice practice, the School will notify the alleged targeted individual's parent of the restorative justice practice and obtain consent before including the alleged targeted individual in the process.

Child Abuse and Neglect Reporting Policy

Mountain Heights Academy
Child Abuse and Neglect Reporting Policy
Adopted: October 5, 2010
Amended: December 15, 2017
Amended: October 5, 2018

Purpose

Mountain Heights Academy (the “School”) takes seriously the legal responsibility of its personnel to protect the physical and psychological well-being of its students. We believe that the School’s personnel have an important role to play in the elimination of child abuse because they are in a unique position to observe children over extended periods of time on a daily basis.

Utah law requires that whenever any person, including any school employee, contracted or temporary employee, or volunteer who has reason to believe that a child has been subjected to incest, molestation, sexual exploitation, sexual abuse, physical abuse, or neglect, or observes a child being subjected to conditions or circumstances which would reasonably result in sexual abuse, physical abuse, or neglect, he/she shall immediately notify the nearest peace officer, law enforcement agency, or the Division of Child Family Service (“DCFS”). The law provides serious penalties for failure to fulfill one’s duty to report.

This policy should help the School’s personnel to understand and fulfill their legal responsibilities concerning child abuse.

Policy

1. If a School employee, including an independent contractor providing services to the School, ***has reason to believe*** that a student of the School may have been subjected to incest, molestation, sexual exploitation, sexual abuse, physical abuse, or neglect, or observes a child being subjected to conditions or circumstances which would reasonably result in such, the employee shall immediately make an oral report to the nearest peace officer, law enforcement agency or DCFS. The employee shall also make a report to the School’s Director, but the requirement to notify the Director does not satisfy the employee’s personal duty to report to law enforcement or DCFS.

a. The oral report to law enforcement or DCFS may be made with the Director present, but must be made by the person making the report.

b. The reporting employee must record the name of the individual and the agency contacted to make the required report.

c. The reporting employee must complete and provide a copy of the Child Abuse and Neglect Reporting Form to the Director within twenty-four (24) hours. The Director will keep the form in a separate file, and it shall not be placed in the student's permanent file. The form should also be sent to the agency to which the oral report was given.

d. The Director will preserve the anonymity of the person making the report and any others involved in any investigation.

2. To determine whether or not there is *reason to believe* that abuse or neglect has occurred, school employees may (but are not required to) gather information only to the extent necessary to determine whether a reportable circumstance exists.

a. Investigations by staff prior to submitting a report shall not go beyond what is minimally necessary to support a reasonable belief that a reportable problem exists.

b. It is not the responsibility of the Director or any other school employees to prove who the abuser is or that the child has been abused or neglected, or to determine whether the child is in need of protection.

c. School employees shall not contact the parents, relatives, friends, neighbors, etc. for the purpose of determining the cause of the injury and/or apparent neglect.

d. School employees shall not conduct interviews with the child or contact the suspected abuser.

e. Notes of voluntary or spontaneous statements by the child shall be given to the investigational agency.

3. Investigations of reports of abuse for children seventeen (17) years of age and younger are the responsibility of DCFS.

a. School employees shall not contact the child's parents, relatives, friends, neighbors, etc. for the purpose of determining the cause of the injury and/or apparent neglect.

b. School personnel shall cooperate with DCFS and share all information with the division that is relevant to the division's investigation of an allegation of abuse or neglect. Additionally, School employees shall cooperate with DCFS and law enforcement employees authorized to investigate reports of alleged child abuse and neglect, including:

- i. allowing appropriate access to students;
- ii. allowing authorized agency employees to interview children consistent with DCFS and local law enforcement protocols;

- iii. making no contact with the parents or legal guardians of children being questioned by DCFS or law enforcement authorities; and
- iv. maintaining appropriate confidentiality.
- c. If school officials are contacted by parents about child abuse reports, school personnel shall not confirm or deny that a contact or investigation is taking place. A school employee should refer the caller to law enforcement or DCFS.

4. If the suspected perpetrator of child abuse or neglect is a School employee, the Director shall immediately report the allegation to the Utah State Board of Education. Steps shall be taken to assure that further abuse or neglect is prevented by the suspected perpetrator.

5. Persons making reports or participating in good faith in an investigation of alleged child abuse or neglect are immune from any civil or criminal liability that otherwise might arise from those actions.

6. The Director shall annually (a) provide each School employee with the written Child Abuse and Neglect Reporting Policy including a copy of the Child Abuse and Neglect Reporting Form and (b) notify each School employee of the mandatory reporting requirements of this Policy and Procedure and Utah Code Sections 53E-6-701 and 62A-4a-403.

7. The Principal will provide School personnel every other year with training and instruction on child sexual abuse prevention and awareness, including responding to a disclosure of child sexual abuse in a supportive, appropriate, manner. Newly hired staff will be provided with the same training and the written policy at the beginning of their employment.

8. The training and distribution of materials will be documented.

9. Educational neglect means that, after receiving a notice of compulsory education violation under Utah Code Section 53G-6-202, the parent or guardian fails to make a good faith effort to ensure that the child receives an appropriate education.

- a. When School personnel have reason to believe that a child may be subject to educational neglect, school personnel shall submit the report described in Utah Code Subsection 53G-6-202(8) to DCFS.

- b. When School personnel have a reason to believe that a child is subject to both educational neglect and another form of neglect or abuse, School personnel may not wait to report the other form of neglect or abuse pending preparation of a report regarding educational neglect.

4. Unequally applying disciplinary action based on a student's race, color, or national origin.
5. Failing to provide the necessary language assistance to allow limited English proficient students the same opportunity to learn as English proficient students.
6. Administering tests or other evaluative measures, which by design or by grading do not allow minority students the same opportunity to present a true measure of their abilities.
7. Providing advice or guidance to minority with the intent to direct minority students away from schools, classes, or educational activities based on their race, color, or national origin.
8. Providing instructional and related services to minority students that are inferior to those provided to non-minority students.

Title IX of the Education Amendments of 1972

Title IX of the Education Amendments of 1972 is a federal law that prohibits discrimination on the basis of sex in providing educational programs and services.

It is policy of the School not to discriminate against any student, employee, or applicant on the basis of sex. The School will ensure that no student will be excluded from participating in or having access to any course offerings, student athletics, or other school resources based on unlawful discrimination. The School will take all necessary steps to ensure that each employee's work environment is free of unlawful discrimination based on sex. Because of the affirmative obligation under Section 504 to provide a free appropriate public education as well as to avoid harassment and discrimination based on

disability, the School Director may establish additional procedures regarding issues related to compliance with Section 504.

Article I Policy

Effective and constructive communications with the media are critical to Mountain Heights Academy's ability to carry out its mission, meet the expectations laid out in the charter, and promote continued public support for the school. Effective media relations best serve the school by:

- promoting the school's achievements, activities and events of significance
- expanding the general visibility of Mountain Heights Academy

In the event that a Board Member intentionally misrepresents the position of the Board or openly engages in activities which are in conflict with the mission or charter of MHA, that Board Member will be considered for removal from office. If the Director, Faculty or Staff intentionally misrepresent the position of the Board, probationary measures may be taken and their continued employment with MHA may be in jeopardy.

The Director of Mountain Heights Academy shall serve as the official school spokesperson, as designated by the Board, and convey the official school position on issues of general school-wide impact or significance or situations that are of a particularly controversial or sensitive nature as directed by the Board. Inquiries from the media about such issues should be referred to the Director.

Depending on the specific circumstances, the Director may designate a Board Member or faculty member to serve as spokesperson on a particular issue.

In the event of a crisis or emergency situation, the Director will handle all contacts with the media, and will coordinate the information flow from the school to the public. In such situations, all parties should refer calls from the media to the Director of Mountain Heights Academy.

Under any circumstances the Board may intercede and determine the spokesperson and methods for media communication.

General Procedures For Dealing With The Media

The Director serves as the primary contact for all media inquiries involving issues with school-wide significance and/or are issues of a controversial or sensitive nature. All media inquires of this nature should be referred to the Director of the Mountain Heights Academy.

MHA Faculty and Staff must refer all media inquires having any association to their employment at MHA or MHA in general to the Director.

Members of the Governing Board are free to respond to requests from the media regarding their research or professional expertise. In such cases, the Director should be notified as soon as possible to inform him/her of the contact. Such notification can be particularly important if follow-up inquiries are made with other school personnel to ensure a coordinated, consistent school response.

Since positive media solicitation is an integral element of the school's communications program, any ideas for articles or pieces that would positively portray the school should also be brought to the attention of the Director. In a similar manner the Director should be notified immediately about negative occurrences that are likely to rise to the level of a news story.

Guidelines for Communicating with the Media

- Obtain the name of the person calling, the media organization and, if available, the anticipated time of release of information in print or broadcast. This information should be included when the notification is made to the Director.
- The best approach with the media is to be prompt, helpful and honest. All contacts from the media should be returned as soon as possible, in deference to reporters' deadlines. At the most, a call should be returned within a half-day. If that is not possible, an alternate employee (if appropriate) or the Director should be asked to handle the call.

- Make sure you understand each question from the media before answering. If you cannot answer the question, or are uncomfortable providing a response, take the reporter's number and advise him/her that someone who can provide the information will contact him/her as soon as possible. Then follow-up by contacting the Director of Mountain Heights Academy.
- Do not offer speculations or gossip. Do not answer a reporter's question with "no comment." Do not be condescending or underestimate the reporter's intelligence, but make sure the reporter understands your responses. Provide your phone number and/or e-mail address for follow-up questions.
- Remember that in responding to the media, you can be seen as representing and speaking for the school. Personal opinions should be clearly and carefully identified as such.
- Issues that should not be discussed with reporters are 1) legal issues, 2) personnel issues, 3) questions that involve school integrity, such as ethics or issues that may result in harm to others, or 4) a school crisis or emergency. Refer all such inquiries to the Director of Mountain Heights Academy.
- Any media inquiries that involve information about specific students should be forwarded to the Director of Mountain Heights Academy. Such inquiries will be handled in strict compliance with the Family Educational Rights and Privacy Act (FERPA.) This federal law protects the confidentiality of a student's education record. Information that may be given includes information found in a directory: the student's full name, local address and phone number, dates of attendance and degrees, honors and certificates received, and class level (e.g. freshman). Grades may only be provided to the media if a student wishes to release the information in connection with an award or scholarship.
- Any media inquiries regarding MHA faculty or staff should be referred to the Director of Mountain Heights Academy. Only public information may be provided without the employee's written approval. Public information is the following: verification of employment, name of job title/position, full or part-time status, name of department, department address and phone number, employment starting date, salary/grade, rank.

Article III

School Emergency / Crisis

Crisis communications have a lasting impact on institutional reputation and public support. How well we convey our message to the public greatly depends on what is reported to the news media. This is especially true in a crisis, during which the news media is the primary means of communication to the public. Because of the emotions that usually accompany crises, images formed from crisis reporting are especially important in shaping long-lasting public impressions of the institution.

The Director is responsible for the development and dissemination of all school communications in the event of an emergency. This includes internal communications with parents, students, faculty and staff, as well as communications with the media. The priority will be on maintaining timely and open communications with the media, providing complete and accurate information that has been confirmed about the emergency situation and the school's response to the crisis at hand. The MHA Web site will be utilized as a key medium for updating our school community and the public on the details of the emergency situation and actions we are taking to address all related issues.

In an emergency faculty, staff and students have a right **not** to speak with the media. Any situations where individuals feel a reporter has abused their rights should be reported to the Director.

A communication information center may be established, if a high volume of incoming phone calls are expected.

All purchases made with School credit cards will be reconciled by Academica West monthly in order to ensure that all receipts are present and that all purchases have been made in accordance with School policies.

Violation of policies and procedures regarding use of School credit cards, including not retaining documentation of purchases or making personal purchases, may result in card cancellation, disciplinary action, or criminal prosecution. If the School disputes a purchase made with the School credit card, the School may dispute the charge and may hold the cardholder responsible for the charge.

The Director and Academica West will develop an internal review plan to periodically select School credit card statements to verify that School policies and procedures are being followed and that purchases are appropriate, documented, and coded to the proper funding sources.

Donation and Fundraising Policy

Mountain Heights Academy Donation and Fundraising Policy Adopted: September 9, 2013

Although Mountain Heights Academy (the “School”) does not typically engage directly in fundraising, it may do so on certain occasions in order to help advance the School’s mission. The School encourages the contributions of gracious donors who have the resources and the inclination to make donations for the benefit of the School and its students. This policy establishes guidelines and standards for the School’s acceptance of donations and gifts as well as for when the School engages in or sponsors fundraising activities.

Donations and Gifts

The School may not transfer or expend donated property in a manner contrary to donor restrictions imposed as a condition of making the donation. The Director is also responsible for ensuring that donor restrictions of accepted donations are complied with and that compliance can be verified. The Director will ensure that charitable donation receipts are provided to donors as necessary.

The Director must approve voluntary donations from private individual or organization in excess of \$1,000 and any donation involving donor restrictions prior to accepting the donation. The Board of Directors must approve any voluntary donations from private individual or organization in excess of \$10,000. The School may not accept donations with the condition that the donation provide direct benefit to specific School employees, students, vendors, or name brand goods or services.

If advertising or other services are offered to a donor in exchange for a donation or gift, the School will objectively value the donation or gift in order to ensure the School receives at least fair value.

The Director must ensure that any applicable fiscal policies of the School are complied with in connection with donations. The School will comply with other applicable laws and regulations, including but not limited to procurement requirements, rules related to construction of improvements, IRS regulations, and Title IX requirements.

Fundraising

Fundraising is defined as an organized effort to solicit individuals, businesses or foundations for money or in-kind gifts to be given directly to the School.

For the purposes of this policy, “school sponsored” means activities that are expressly authorized by the School’s Director or Board of Directors that support the School or authorized curricular clubs, activities, sports, classes, or programs that are themselves school sponsored. School-sponsored activities must be managed or supervised by School employees. Activities sponsored by the School’s parent organization are not school-sponsored activities, but the parent organization may be involved in and provided assistance in connection with school-sponsored activities.

The following guidelines must be followed in connection with School fundraising:

1. The fundraising activity must be undertaken with the intent of obtaining a benefit consistent with the School’s mission.
2. The fundraising activity must not violate the School’s charter, Board policies, or applicable law.
3. Proposals for fundraising activities must be submitted to the School’s Director for approval.
4. The Director may restrict the time, place, and manner of any approved fundraising activity.
5. Fundraising activities should be planned and scheduled in a manner that does not create conflict, confusion, or excessive fundraising pressures on students, families or potential donors.
6. Fundraising activities that may expose the School to risk of financial loss or liability if the activity is not successful should not be approved.
7. The participation of School employees, students and parents in any fundraising activity must be voluntary. However, School employees may be assigned to supervise students in connection with School-sponsored fundraising activities in connection with their employment. Such employees may be compensated for such work as appropriate as determined by the Director.
8. Students may not be required to participate in a fundraising activity as a condition for belonging to a team, club or group, and a student’s fundraising efforts may not affect his or her participation time or standing in any team, club or group.
9. Competitive enticements for student participation in fundraising efforts are generally discouraged, and any such rewards or prizes must be approved by the Director.

10. The Director will ensure that the School's Fee Waiver Policy is complied with in connection with all School-sponsored fundraising activities that involve fees. Any fee waivers must be granted in accordance with the Fee Waiver Policy.
11. All funds raised through school-sponsored fundraising activities are considered public funds and will be handled accordingly. The Director will ensure that all other applicable fiscal policies are complied with in connection with fundraising activities.
12. School employees may participate in such activities as volunteers but must not represent that they are acting as employees or representatives of the School.
13. The Director will ensure that charitable donation receipts are provided as necessary.

The School may allow these groups to use School facilities at little or no charge. At the Director's discretion, the School may provide some level of support or pay for portions of these activities. The details of the arrangements for non-school-sponsored fundraising activities shall be understood and agreed to by the Director and the representatives of the outside entity. This must take into consideration the School's fiduciary responsibility for the management and use of public funds and assets.
17. The School is committed to principles of gender equity and compliance with Title IX guidance. The School commits to use all facilities, unrestricted gifts and other available funds in harmony with these principles. The School reserves the right to decline or restrict donations, gifts, and fundraising proceeds, including those that might result in gender inequity or a violation of Title IX. Fundraising opportunities should be equitable for all students, comply with Title IX, and be in harmony with Article X of the Utah Constitution.

The Director will ensure that School employees receive appropriate training in connection with these policies. Training shall be provided at least annually to employees whose job duties are affected by the School's fiscal policies.

The Board will review this policy at least bi-annually.

- (g) legally recognized privileged and analogous relationships, such as those with lawyers, medical personnel, or ministers; or
- (h) income, except as required by law;

shall obtain prior written consent from the student's parent or guardian at least two (2) weeks before the test/treatment/survey/analysis/evaluation is administered or the information listed above is sought, unless the employee or agent must seek this type of private information due to an emergency, or unless a student spontaneously discloses the information.

The prohibitions also apply within the curriculum and other School activities.

Parental Notice and Consent Checklist

In order to be valid, written parental notice and consent shall include the following:

- (a) parent signature; and
- (b) written notice that the parent may obtain written information concerning:

 - (vi) address and phone number of a School employee to whom parents may direct inquiries or concerns (Director, teacher, administrator, etc.).

A general consent used to approve admission to school or involvement in special education, remedial education, or a school activity does not constitute written consent for these purposes.

Duration of Parental Authorization

Unless otherwise agreed to by a student's parent or guardian and the person requesting written consent, the authorization is valid only for the activity for which it was granted; or until the parent withdraws consent, during the course of the activity, by submitting a written withdrawal of authorization to the school Director.

Waiver of Parental Notice Period

A parent may waive the 2-week notice period by signing and returning a written waiver to the School.

Well-Being of a Student

If a School employee or agent believes that a situation exists that presents a serious threat to the well-being of a student, that employee or agent shall notify the student's parent or guardian without delay. If, however, the matter has been reported to the Division of Child and Family Services (DCFS), it is the responsibility of DCFS to notify the student's parent or guardian.

Risk of Suicide

If a school employee or agent believes a student is at risk of attempting suicide, physical self-harm, or harming others, the school employee or agent may intervene and ask a student questions regarding the student's suicidal thoughts, physically self-harming behavior, or thoughts of harming others for the purposes of: (i) referring the student to appropriate prevention services; and (ii) informing the student's parent or legal guardian.

Student Education Records Management

Parents/guardians have the right to inspect and review all of their student's education records maintained by the School. If the education records of a student contain information on more than one student, the parent/guardian may inspect and review or be informed of only the specific information about their student.

- The School will grant a request by a parent/guardian for access to the education records of their child within a reasonable period of time, but in no case more than forty-five (45) days after the request has been made.

Parents/guardians may challenge and request the School to amend any portion of their student's education record that is inaccurate, misleading or in violation of the privacy rights of the student.

- The School shall consider the request and decide whether to amend the records within a reasonable amount of time. If the Director decides not to amend the record as requested, the Director shall inform the parent/guardian of the decision and of their right to a hearing.
- Upon request of a parent or guardian, the School shall provide an opportunity for a hearing to challenge the content of the student's education records on the grounds that the information contained in the education records is inaccurate, misleading, or in violation of the privacy rights of the student.

- Such hearing shall be informal and shall be conducted by an individual who does not have a direct interest in the outcome of the hearing.
- If, as result of the hearing, the School decides that the challenged information is inaccurate or misleading, the record should be amended accordingly and the parent/guardian informed in writing.
- If, as result of the hearing, the School decides that the challenged information is not inaccurate or misleading, it shall inform the parent/guardian of their right to place a statement in the record, commenting on the challenged information in the record, or stating why they disagree with the decision. Any such document must remain with the contested part of the record for as long as the record is maintained, and shall be disclosed whenever the portion of the record to which the statement relates is disclosed.

The School may not disclose information related to education records without prior parental consent, except as provided by law. Such exceptions include, but are not limited to disclosures:

- To school officials who have a legitimate educational interest;
- To a person or company with whom the School has contracted to perform a special task;
- To other schools that have requested the records and in which the student seeks or intends to enroll, or where the student is already enrolled, so long as the disclosure is for purposes related to the student's enrollment or transfer;
- To individuals who have obtained court orders or subpoenas;
- To individuals who need to know in cases of health and safety emergencies;
- To officials in the juvenile justice system;
- In connection with audit and evaluation of federally or state supported education programs;
- To the Immigration and Naturalization Service (INS) for foreign students attending school under a visa; or
- To the Attorney General of the United States in response to an ex parte order in connection with the investigation or prosecution of terrorism crimes.

The School may disclose directory information for appropriate reasons if it has given parents annual notice of their right to request that their student's directory information not be released by the School.

- The following information relating to students may be declared directory information from time to time:
 - (a) name, address, e-mail address, and telephone number;
 - (b) date and place of birth;
 - (c) major field of study;
 - (d) participation in officially recognized activities and sports;
 - (e) weight and height of members of athletic teams;
 - (f) dates of attendance;
 - (g) degrees and awards received;
 - (h) most recent previous education agency or institution attended; and
 - (i) photograph

- The School shall not release directory information to any individual or organization for commercial use.

The School shall give full rights to student education records to either parent (or guardian), unless the School has been provided with evidence that there is a court order or other legally binding instrument relating to matters such as divorce, separation, or custody that specifically revokes these rights.

Confidentiality of Student Information

The School and all employees, volunteers, third party contractors, or other agents of the School shall protect the privacy of the student and the student's family through compliance with the protections established under state and federal law.

The School will provide appropriate training to employees regarding the confidentiality of student performance data and personally identifiable student information.

Data Collection and Storage Procedures

The School will ensure that school enrollment verification data, student performance data, and personally identifiable student information are collected, maintained and transmitted in a secure manner and consistent with sound data collection and storage procedures.

Access to Information

Access to confidential student information will be limited to individuals with a legitimate educational interest in the data. The Principal/Director will determine which individuals have a legitimate educational interest in having access to particular data. In general, this will include

the Principal/Director, other administrative personnel such as an assistant administrator or counselor, members of the School's front office staff, members of the School's special education staff (in accordance with special education regulations regarding school records), teachers (for students in their classes), and third parties with which the School has contracted to perform special tasks for the School. The School will ensure that all individuals who have access to student information will understand how, where and when they can access this data and will commit to fulfill their obligations to protect the confidentiality of the information.

Physical Protection

Any physical documents containing confidential student information will be stored in a secured, locked location. Access to the storage location will be determined by the Principal/Director.

Technological Protection

The School will ensure that appropriate technological protections are in place, as described below, whenever the School gathers, transmits, or stores confidential information electronically.

The School currently uses Aspire as its Student Information System. This is the primary location in which the School will store electronic data. This program provides a secure location for the maintenance and transmission of confidential student information. In the event the School decides to use a Student Information System other than Aspire, the School will ensure that the system is approved by USOE and is adequately secure.

The School uses an online registration system for the registration and enrollment of all new students entering the school and for the declaration of current students for re-enrollment. This system is used to run lotteries when applications to the School exceed available openings. The School uses the system to gather student information to enter into the School's Student Information System. This system has been designed with security features that satisfy industry standards. The School will ensure that the system is updated over time to maintain adequate security.

All confidential student information that is stored electronically will be in a location that is password protected. Such data will not be stored on local device drives or on removable data storage media.

The School will ensure that its network, including servers and wireless access components, employs industry standard security measures.

School personnel will not share log in information for any system in which confidential student information is stored unless authorized by the Principal/Director.

Confidential student information will only be transmitted through secure means such as MoveIt and will not be transmitted via e-mail in an unencrypted format.

Personnel Responsibilities

School personnel are responsible for entering student data into the School's Student Information System. This includes information obtained through the School's online registration system and other data gathered throughout the course of the school year. School personnel also manage the maintenance and reporting of records and data required by governmental entities.

The Principal/Director will ensure that School personnel will periodically obtain professional training to ensure that they perform their responsibilities properly and that they comply with all requirements associated with protecting and maintaining the confidentiality of student records and data. This training may include topics such as appropriate and inappropriate access and use of data; who may access data and for what purposes; asking questions when access decisions need to be made; handling problems when misunderstandings arise; data collection procedures and expectations; protecting data during collection, use and storage; key aspects of data security.

Third Party Access to Confidential Information

The School's Educational Services Provider, Academica West, will have access to the personally identifiable student data and school enrollment verification data collected and maintained by the School in connection with legitimate educational purposes of the School.

Data Breach

The School will notify the parent or guardian of a student if there is a release of the student's personally identifiable student data due to a security breach.

Fee Waiver Policy

Mountain Heights Academy

Fee Waiver Policy

Adopted: October 14, 2009

Amended: October 5, 2018

Purpose

The purpose of a Fee Schedule and a Fee Waiver is to provide educational opportunities for all students. This allows the school to establish a reasonable system of fees, while prohibiting practices that would exclude those unable to pay from participation in school-sponsored activities.

Mountain Heights Academy (the “School”) must abide by the Utah State Board of Education rules which direct the Board of Education to implement a policy regarding student fees. The rule is authorized under Article X, Sections 2 and 3 of the Utah Constitution, which vests general control and supervision of the public education system in the Utah State Board of Education and provides that elementary and secondary schools shall be free except that fees may be imposed in secondary schools as authorized by the Utah State Legislature. Utah state law also allows schools to establish money collection and handling procedures.

Policy

Under the direction of the Board of Directors (the “Board”), the School’s Director (the “Director”) is authorized to administer this policy and to do so fairly, objectively, without delay, avoiding stigma and unreasonable burdens on students or parents/guardians.

Classes & Activities During the Regular School Day

If a class is established or approved which requires payment of fees or purchase of materials, tickets to events, etc., in order for students to participate fully and to have the opportunity to acquire all skills and knowledge required for full credit and highest grades, the class shall be subject to the fee waiver guidelines.

The School may require students at any grade level to provide materials or pay for their optional projects, but a student may not be required to select an optional project as a condition for

enrolling in or completing a course. The School shall base mandatory course projects on experiences that are free to all students.

Students may be required to provide their own student supplies, subject to the fee waiver provisions.

Students may be required to replace supplies provided by the School which are lost, wasted or damaged by the student through careless or irresponsible behavior, and a fee waiver will not apply to such damages.

Activities Outside of the Regular School Day

Fees may be charged, subject to the Board approved fee schedule (see the current school year fee schedule), in connection with any school-sponsored activity which does not take place during the regular school day if participation is voluntary and does not affect the student's grade or ability to participate fully in any course taught during the regular school day. Such fees are subject to the fee waiver requirement.

Activities not sponsored by the School, but allowing for student participation after school, and using the school premises may have fees associated with their program (i.e. programs sponsored by the PTO and/or an outside vendor.) Such fees are not subject to the fee waiver requirement.

General Provisions

No fee may be charged or assessed in connection with any class or School-sponsored or supported activity, including extracurricular activities, unless the fee has been set and approved by the Board and distributed in an approved fee schedule.

Fee schedules and policies for the School shall be adopted at least once each year when the Board adopts its annual budget in a regularly scheduled public meeting of the Board.

The Director shall ensure that a written copy of the School's fee schedule is included with all registration materials provided to potential or continuing students. The School procedures for obtaining the waivers and for appealing a denial of a waiver shall be provided as soon as possible prior to the time the fees become due. No present or former student may be denied receipt of unofficial transcripts or diplomas for failure to pay school fees.

A reasonable charge may be made to cover the cost of duplicating or mailing transcripts and other school records. No charge may be made for duplicating or mailing copies of school records to an elementary or secondary school in which the student is enrolled or intends to enroll.

In accordance with Utah Code Ann. § 53G-8-212, if the School's property has been lost or willfully cut, defaced or otherwise injured, the School may withhold the issuance of official written grade reports, diploma, and transcripts of the student responsible for the damage or loss until the student or the student's parent or guardian has paid for the damages. Students shall be given notice and an opportunity to pay fines prior to withholding issuance of official written grade reports, diplomas and transcripts.

- If the student and the student's parent or guardian are unable to pay for damages or if it is determined by the School in consultation with the student's parents that the student's interests would not be served if the parents were to pay for the damages, then, the School may provide for a program of voluntary work for the student in lieu of the payment.
- Although a student can be required to pay for School property that is lost or damaged, a general breakage fee levied against all students in a class or school is not permitted. However, the School will not exclude a student from school or withhold unofficial transcripts to obtain payment of any fees or fines.
- Donations or contributions may be solicited and accepted, but all such requests must clearly state that donations and contributions are voluntary. A donation is a fee if a student must make a donation in order to participate in an activity. No student may be excluded from any activity or program connected to the regular school day program because they did not make a donation.

In the collection of fees, the School must comply with statutes and Utah State Tax Commission rules regarding the collection of state sales tax.

Waivers

To ensure that no student is denied the opportunity to participate in a class or school-sponsored or supported activity because of an inability to pay a fee, the School provides fee waivers or other provisions in lieu of fee waivers as follows:

- The Director will administer the policy and grant waivers. The process for obtaining waivers or pursuing alternatives shall be administered fairly, objectively, and without delay, and avoid stigma, embarrassment, undue attention, and unreasonable burdens on students and parents.
- The Director will inform patrons of the process for obtaining waivers.
- The School will not treat a student receiving a fee waiver or provision in lieu of a fee waiver differently from other students.

- The School may not identify a student on fee waiver to students, staff members, or other persons who do not need to know.
- Fee waivers or other provisions in lieu of fee waivers are to be available to any student whose parent is unable to pay a fee.
- The Director will explore with the student and parent/guardian of a student eligible for a fee waiver the alternatives available for satisfying the fee requirement in lieu of waivers, including but not limited to (a) providing tutorial assistance to other students, (b) providing assistance before or after school to teachers and other school personnel on school-related matters, and (c) general community or home service.

Eligibility for Fee Waivers

1. A student is eligible for a fee waiver if the School receives verification that:
 - a. based on family income, the student qualifies for free school lunch under United States Department of Agriculture child nutrition program regulations;
 - b. the student to whom the fee applies receives Supplemental Security Income (SSI);
 - c. the family receives TANF funding;
 - d. the student is in foster care through the Division of Child and Family Services; or
 - e. the student is in state custody.

The School may grant a fee waiver to a student, on a case by case basis, who does not qualify for a fee waiver under the foregoing provisions but who, because of extenuating circumstances, is not reasonably capable of paying the fee.

2. In lieu of income verification, the School may require alternative verification under the following circumstances:
 - a. If a student's family receives TANF, the School may require a letter of decision covering the period for which the fee waiver is sought from the Utah Department of Workforce Services;
 - b. If a student receives SSI, the School may require a benefit verification letter from the Social Security Administration;
 - c. If a student is in state custody or foster care, the School may rely on the youth in custody required intake form or school enrollment letter provided by a caseworker from the Utah Division of Child and Family Services or the Utah Juvenile Justice Department.
3. If a student is eligible for waivers, textbook fees must be waived; no alternative in lieu of a fee waiver is permissible.
4. A student may however, be offered a work alternative to a waiver for all other kinds of fees. Parents will be given the opportunity to review proposed alternatives to fee waivers.

5. Denial of eligibility for a waiver may be appealed in writing to the Director within ten (10) school days of receiving notice of denial.
 - a. The School shall contact the parent within two (2) weeks after receiving the appeal and schedule a meeting with the Director to discuss the parent's concerns.
 - b. If, after meeting with the Director, the waiver is still denied, the parent may appeal, in writing, within ten (10) school days of receiving notice of denial to the Board.
6. Any requirement that a student pay a fee will be suspended during any period in which the student's eligibility for waiver is being determined or during the time a denial of waiver is being appealed.

In order to protect privacy and confidentiality, the School will not retain information or documentation provided to verify eligibility for fee waivers.

Items Eligible for Fee Waivers

Any charge, deposit, rental, or other mandatory payment for required student participation in any class, program or activity provided, sponsored or supported by the School are fees requiring approval of the Board and are subject to the fee waiver requirements.

Expenditures for costumes, clothing, and accessories (other than items of typical student dress) which are required for school attendance, or participation in school activities, and expenditures for student travel as part of a school team, student group, or other school-approved trip, are fees requiring approval of the LEA and are subject to the fee waiver provisions of this policy.

Items Not Subject to Waivers

The requirements of fee waiver and availability of other provisions in lieu of fee waiver do not apply to charges assessed pursuant to a student's damaging or losing school property. The School shall pursue reasonable methods for obtaining payment for such charges, including withholding official grade reports, diplomas, and transcripts as indicated in this policy. The School will not exclude students from school or withhold unofficial transcripts or diplomas to obtain payment for such charges.

Charges for yearbooks, picture books, and similar articles not required for participation in a class or activity are not fees and are not subject to the waiver requirements. Such items are examples of PTO or vendor sponsored items.

Student supplies for secondary students are not subject to waivers as long as the item is something which is commonly found in students' homes regardless of wealth.

If a student must repeat a course or requires remediation to advance or graduate and a fee is associated with the course or the remediation program, it is presumed that the student will pay the fee.

Fee Schedule

The Board adopts a fee schedule yearly. See current yearly adopted fee schedule.

Refunds

All students who withdraw from school shall be refunded all unused fees apportioned by the number of days attended.

School Fee Collections & Accounting Procedures

It is the duty and responsibility of the Director to ensure that all student fees collected are in compliance with the authorized fee schedule and financial procedures as approved by the Board. These fees are to be received and deposited in a timely manner.

The School may pursue reasonable methods for obtaining payment for fees and charges assessed in connection with a student losing or willfully damaging school property.

The School may not exclude students from school; refuse to issue a course grade; or withhold official student records, including written or electronic grade reports, diplomas, or transcripts, as a result of unpaid fees.

The School may withhold the official student records of a student responsible for lost or damaged School property consistent with Utah Code § 53G-8-212 but may not withhold a student's records required for student enrollment or placement in a subsequent school.

Consistent with Utah Code § 53G-6-604, the School will forward a certified copy of a transferring student's record to a new school within 30 days of the request, regardless of whether the student owes fees or fines to the School.

Students shall be given notice and an opportunity to pay fines prior to withholding issuance of official written grade reports, diplomas and transcripts. If the student and the student's parent or guardian are unable to pay for damages or if it is determined by the School in consultation with the student's parents that the student's interests would not be served if the parents were to pay for the damages, then the School may provide for a program of voluntary work for the student in lieu of the payment. A general breakage fee levied against all students in a class or school is not permitted.

Monies Shall Be Collected by Authorized Personnel Only

All monies for fees, lockers, student supplies, optional projects, picture books, year books, clinics, etc. are to be collected following this policy and school guidelines using authorized staff only.

- All money collected is to be deposited in the bank by the close of the day or otherwise, only if approved by the Board.
- No money is to be collected by staff, teachers, teaching assistants, or coaches unless authorized by the Director.

Parent Grievance Policy

Mountain Heights Academy

Parent Grievance Policy

Adopted: August 3, 2012

The purpose of this policy is to clarify for parents a process by which concerns can be addressed. The Board of Directors of [[school name]] (the “School”) values open communication between parents, faculty, staff, administration, and the Board. The Board encourages active parent participation in their children’s education, and hopes that parents will feel empowered to voice their opinions, volunteer in and out of the classroom for the School, and work as a team to provide the best education for their children. The Board also believes that individuals can generally resolve their own disputes through open, respectful communication. If a situation arises that cannot be resolved between the parties involved, then this policy will be used. The purpose of this policy is to ensure that parents understand how to pursue the resolution of grievances, concerns and disputes involving the School.

Concerns Involving School Personnel

A parent who has a complaint involving a teacher, staff member or member of the School’s administration (including the Director) must first address the issue with the other individual involved and work reasonably and in good faith to resolve the concern.

A parent that is not able to resolve the dispute himself or herself may then raise the issue with the School’s Director. The parent should first send to the Director a written complaint specifying the individual(s) involved, details of the incident(s) giving rise to the complaint, including dates and approximate times, details of an attempt to rectify the situation, and the requested solution. After sending the written complaint, the parent and the Director should schedule a time to discuss the concern in person or via telephone.

If a parent’s complaint involves the Director, the parent must first address the issue with the Director and work reasonably and in good faith to resolve the problem. The parent is not required to send the Director a written complaint in this situation.

In the event the parent and the Director are unable to resolve a complaint and the parent wishes to bring the issue to the Board’s attention, the complaint may be directed to the Board in writing. Complaints shall specify the individual(s) involved, details of the incident(s) giving rise to the

complaint, including dates and approximate times, details of attempts to resolve the problem, and the requested solution. The Board will then consider the complaint and take whatever action it deems appropriate.

Concerns Involving Board Policy

If a parent has a concern regarding Board policy, the parent may communicate with any or all members of the Board in person, via telephone, or through e-mail and may address the Board during the “public comment” portion of a Board of Directors meeting. Parents may also request to be added to the Board meeting agenda by contacting the President of the Board of Directors at least three (3) working days prior to the scheduled meeting date. However, the Board President has discretion over the Board meeting agenda items and may elect not to place the item on the agenda.

Concerns that involve administrative practices or procedures should be addressed with the Director rather than the Board.

The School will not artificially divide purchases or otherwise take steps in order to avoid the requirement to obtain competitive quotes or conduct a procurement process.

School personnel will comply with the provisions of the Procurement Code prohibiting the acceptance of gratuities or kickbacks from vendors during the procurement process.

The School will comply with the requirements of the Procurement Code in connection with any contract with a term that is longer than five (5) years, including any automatic renewals or extensions.

The School will comply with the requirements of the Procurement Code in connection with any construction or real property improvements undertaken by the School.

When entering into a contract, the School will ensure that the contract includes appropriate language regarding the scope of work to be performed, adequately addresses any applicable federal requirements, and includes language regarding data privacy and use, where appropriate. The School will ensure that the appropriate legal review of contract language is performed prior to entering into the contract.

Religion and Education Policy

Mountain Heights Academy Religion and Education Policy Adopted: October 5, 2010

Purpose

It is the policy of [[school name]] (the “School”) to recognize, protect, and accommodate the rights of religious practice and expression guaranteed by state and federal laws and by the constitutions of Utah and the United States.

The purpose of this policy is to help School personnel protect and accommodate individual rights of conscience in the School.

Policy

The School’s Board of Directors expects School personnel to foster mutual understanding and respect for all individuals and beliefs. Study about religion is an important part of a complete education and is necessary to achieving an understanding of history, societies, and cultures throughout the world. School curricula – including activities, discussions, assignments, displays, and performances – may refer to religious thought and expression, provided such references are designed to achieve specific educational objectives.

School personnel should neither promote nor disparage any religious, agnostic or atheistic belief or religion in general. Teaching about religion should be objective, thus avoiding any implication that religious doctrines have the endorsement of school authority. School personnel should recognize that religious holidays are observed in various ways, or not observed at all, based upon the influence of ethnic tradition, family style, or religious conviction.

Students may request to be excused or refrain from participating, in activities, discussions, and assignments that they feel would violate their rights of conscience or religious freedom. Such requests must be made in a timely manner to the appropriate authorities. The parent(s) or legal guardian(s) of a minor student may also make a request for excusal on that student’s behalf. If focused on a specific activity, discussion, or assignment, and in accordance with Utah Code,

State Board of Education Rules, and School Procedures, such requests will be granted routinely and without penalty.

Responsible Use for Technology Resources Policy

Mountain Heights Academy

Responsible Use for Technology Resources Policy

Adopted: November 13, 2009

Amended: December 15, 2017

Mountain Heights Academy provides technology resources to its students and staff for educational and administrative purposes. The goal in providing these resources is to promote educational excellence within Mountain Heights Academy by facilitating resource sharing, innovation, and communication with the support and supervision of parents, teachers and support staff. Other appropriate educational uses of these resources include, but are not limited to, classroom-based projects and student works, college and career explorations, and high-quality, academically-enriching research. The use of these technology resources is a privilege, not a right.

With access to many different technology resources and people from all over the world, there comes the potential availability of material that may not be considered to be of educational value in the context of the school setting. Mountain Heights Academy firmly believes that the value of information, interaction, and research capabilities available (including, but not limited to, email, the Internet, and social media) outweighs the possibility that users may obtain material that is not consistent with the educational goals of Mountain Heights Academy.

Proper behavior, as it relates to the use of technology resources, is no different from proper behavior in all other aspects of Mountain Heights Academy activities. Recognizing the value of the Internet, Mountain Heights Academy supports teachers, students and all Mountain Heights Academy personnel being engaged in an online environment that allows them to discuss, collaborate, communicate, create, and share in a safe, ethical, and responsible manner. This expectation extends to all Mountain Heights Academy technology resources, as well as personal networks and devices inside and out of the school. This document is intended to clarify those expectations as they apply to technology resource usage and is consistent with Mountain Heights Academy policy.

Responsible Use

This Responsible Use for Technology Resources Policy is to prevent unauthorized access and other unlawful or improper activities by users online, prevent unauthorized disclosure or access to sensitive or confidential information, ensure responsible and appropriate use of its technology

resources, and to comply with the [Child Internet Protection Act \(CIPA\)](#). As used in this policy, “user” includes anyone using Mountain Heights Academy technology resources, including computers, courses, websites, Internet, email, chat rooms, wireless network, and other forms of direct electronic communications or equipment provided by Mountain Heights Academy. Only current students, employees, officers, volunteers, substitutes and authorized visitors of Mountain Heights Academy are permitted to use Mountain Heights Academy technology resources and network.

Students who are under 18 must have their parent(s) or guardian(s) authorize student use of Mountain Heights Academy technology resources and acknowledge compliance with this policy. Students who are 18 or older, as well as employees and other users, must acknowledge their compliance with this policy, either electronically online or by signing and returning a copy of the acknowledgment form provided below. **The absence of a signed acknowledgment does not excuse compliance with this policy. All users must follow this policy and report any misuses of Mountain Heights Academy technology resources to a teacher, supervisor, administrator, or appropriate Mountain Heights Academy personnel.** By using Mountain Heights Academy technology resources, users are held to have agreed to comply with this policy. If a user is uncertain about whether a particular use is acceptable or appropriate, he or she should consult Mountain Heights Academy personnel in advance of any questionable use.

The use of any technology resource (including, but not limited to, desktop computers, mobile devices, personal/Mountain Heights Academy devices, network-delivered services, the Internet, audio-visual equipment, digital content and social media) must support the educational goals of Mountain Heights Academy. Use must be authorized by a Mountain Heights Academy staff member and must lie within the bounds of Mountain Heights Academy curriculum and educational purpose.

When placing, removing, or restricting access to specific databases, the Internet or any other technology resource, school officials shall apply the same criteria for educational suitability used to evaluate all other educational resources.

Responsible uses of Mountain Heights Academy’s network and technology include:

1. Searching for and accessing appropriate information and materials. The material you access through Mountain Heights Academy's network system should be for class assignments or for research on subjects similar to what you might study in a class or the school library.
2. Using school technology resources to do homework, write papers, and create presentations, videos and movies, and other creative projects. Make sure that the work that you turn in is yours and do not plagiarize works that you find on the Internet. Plagiarism is taking the ideas,

graphics, or writings of others and presenting them as if they were yours without adequate and accurate citation.

3. Electronic devices may only be used during quizzes, tests, and standardized assessments in the manner and for the purposes expressly authorized by Mountain Heights Academy personnel.
4. Accessing social media sites is allowed only by permission as a part of a class assignment or project. Accessing social media for entertainment purposes is not allowed.

Be sure to get permission from your teacher, the school, and each individual in a photo or video before posting or sharing online.
6. Respect the rights of copyright owners in your use of materials found on, disseminated through, or posted to the Internet. Copyright infringement occurs when you reproduce a work that is protected by a copyright without explicit permission from the copyright holder or outside the limitations of copyright law. Do not use peer-to-peer file sharing programs to download or share copyrighted movies, music, or games.
7. If you mistakenly access inappropriate information, you should immediately report this access to a teacher or an administrator. This will protect you against a claim that you have intentionally violated this policy.
8. Mountain Heights Academy has taken reasonable steps to restrict access to materials it considers harmful and to materials that do not support or conform to accepted educational objectives. These steps include Mountain Heights Academy installing filtering software & hardware to protect against access to inappropriate material in accordance with the [Children's Internet Protection Act \(CIPA\)](#). If you feel that the filtering software is blocking your access to an appropriate site, report this to your school librarian, computer lab coordinator, teacher, or an administrator.
9. Do not share your personal contact information with anyone you do not know and trust personally. This includes your full name, together with other information that would allow an individual to locate you, including your family name, your home address or location, your work address or location, or your phone number. You may disclose personal contact information to educational institutions, companies or other entities for college/career exploration purposes, or with specific staff approval.
10. Protect the personal contact information of others. You will not disclose names or any other private or personal information about other students. You will not forward a message that was sent to you privately without permission of the person who sent you the message.
11. You will promptly disclose to your teacher or other school staff any message you receive that is inappropriate or makes you feel uncomfortable. You should not delete such messages until instructed to do so by a staff member.

12. Your parents and authorized district personnel have the right to request to see the contents of your computer or device files at any time.
13. If you want or need to use a Web browser extension or add-on, please ask your teacher or local technology support person for permission to add or install it.
14. If you observe someone using school technology in an inappropriate manner, you will report it to an adult as soon as possible, even if it is done anonymously.

Individual(s) involved in any of the following will be subject to disciplinary or corrective action in accordance with applicable Mountain Heights Academy policy, handbooks, rules, and regulations:

1. Possessing, accessing, transmitting, copying, or creating material that violates the Student Code of Conduct, Mountain Heights Academy policy, student or employee handbooks, or Mountain Heights Academy rules and regulations, including but not limited to content that is inappropriate, illegal, copyrighted, pornographic or obscene, stolen, threatening, discriminatory, harassing, or offensive

11. Unauthorized use of any Mountain Heights Academy technology resource or personal/Mountain Heights Academy device for non-educational purposes or outside the bounds of Mountain Heights Academy curriculum
12. Use of email, the Internet, or social media resources at school to engage in conduct that violates the Student Code of Conduct or threatens school safety
13. Use of Mountain Heights Academy technology resources, including email, the Internet or social media resources to threaten, harass, bully, retaliate, discriminate against other students, employees, or volunteers
14. Use of personal email, the Internet, or social media resources, without regard to whether it occurs on school property, to engage in conduct that involves a public school and contains the elements of the offense of terroristic threat or false alarm, or otherwise causes a substantial disruption to the educational environment

This may result in missed assignments, inability to participate in required assignments and assessments, and possible loss of credit or academic grade consequences.

Mountain Heights Academy may also contact law enforcement if School employees believe that a student has used school electronic resources in connection with a violation of criminal law, and

criminal penalties may arise from inappropriate use of electronic resources. This applies to use of the school's electronic resources at any time and place.

Internet Safety

Mountain Heights Academy makes the Internet accessible in accordance with our mission to provide information resources and services to ensure that all users have free and open access to ideas and information. In this role, Mountain Heights Academy provides access to information resources available on the Internet. Mountain Heights Academy has no control over the information obtained through the Internet and cannot be held responsible for its content or accuracy. It may contain materials which some find offensive or inappropriate. All staff, students and other users access the Internet at their discretion.

In accordance with the federal [Children's Internet Protection Act \(CIPA\)](#), all desktop computers, laptops and personal/Mountain Heights Academy wireless devices, that utilize Mountain Heights Academy network, will be filtered by a centralized filtering appliance. L. 106-544. Mountain Heights Academy has the ability to monitor the online activities of students and staff through direct observation or technological means to ensure that students and staff are following the guidelines and policies set forth by Mountain Heights Academy.

Mountain Heights Academy Board Policy also prohibits harassment, bullying, retaliation, discrimination, and other conduct that creates a hostile working or educational environment for an individual. This prohibition extends to the use of both private devices as well as the use of Mountain Heights Academy's technology resources. If you ever feel that you are being harassed, bullied, retaliated or discriminated against, or otherwise being subjected to illegal or inappropriate conduct through Mountain Heights Academy's technology resources, you should immediately report it to Mountain Heights Academy.

As with any other technology resource, restriction of a child's use of the Internet is ultimately the responsibility of the parent/legal guardian, within the confines of the law. Parents who have objections to the Internet or other network-delivered services may assume responsibility for imposing restrictions only on their child(ren). Any parent wishing to restrict his/her child's access to such services must provide the school with this restriction in writing.

Revenue Recognition Policy & Procedures

Mountain Heights Academy Revenue Recognition Policy & Procedures Adopted: November 13, 2009

Purpose

To specify the approach taken in recognizing revenues received by Mountain Heights Academy (the “School”), and to specify the priority under which revenues will be allocated to associated expenses.

The principal source of operating funds the School receives is derived from federal, state, and local funds. The School receives state funding based on the number of students enrolled in the School. The School also receives federal grants on a reimbursement basis; accordingly, grant revenues are recognized when qualifying expenses have been incurred and all other grant requirements have been met.

Policy

The School will recognize grant revenues when qualifying expenses have been incurred and all other grant requirements have been met.

The School intends to expend funds in such a manner that restricted funds are used prior to unrestricted funds and that Federal funds are used prior to State funds. If a grant requires a local revenue match, those funds will receive priority and will be expensed first to satisfy the local revenue match requirement.

School Sponsorship Policy

Mountain Heights Academy School Sponsorship Policy Adopted: May 5, 2014

Although Mountain Heights Academy (the “School”) does not typically provide sponsorships, it may do so on certain occasions in order to advance the School’s mission by providing financial assistance to student projects and programs. This policy establishes guidelines and standards for the School’s sponsorship of student projects.

Students of the School that wish to request that the School provide financial assistance in connection with a project or program in which the student is involved should submit an application to the School’s Director. The application must include the student’s contact information, the student’s GPA at the School, a detailed description of the project or program, an explanation of how the project or program will benefit the School and promote the School’s mission, and the amount of funding requested.

A committee comprised of one administrator, one guidance counselor, and one teacher of the School will review the application. The committee may consider factors including but not limited to the following:

- The student’s academic performance, including demonstrated academic growth.
- Whether the student has had disciplinary concerns at the School.
- The nature of the project or program, including how it relates to the School and the School’s mission.
- The student’s role in the project or program, including the leadership and initiative demonstrated by the student.
- The involvement of other students and staff of the School in the project or program.
- The potential for the project or program to provide positive publicity to the School.

If the committee decides to recommend that the School provide financial assistance to the project, the committee will make a recommendation to the School’s Board of Directors. The committee may recommend that the School provide assistance in an amount less than the requested.

The School will only consider requests for the School to match dollar for dollar amounts up to \$1,000 that the student raises from other sources.

The School's Board of Directors will vote whether to approve the committee's recommendations.

If the School provides sponsorship, it is preferable that payment be made directly to a third party organization involved in the project or program based on documentation provided by the student. If this is not possible, and payment must be made directly to the student, the student must provide documentation demonstrating that the funds were applied toward the project or program.

Students who receive sponsorships should conduct themselves in a responsible manner in connection with their participation in the project or program.

After completion of the project or program, students who receive sponsorships must provide the School's Director with a report describing their experience. They should also be willing to share their experiences with other students of the School upon request.

Sex Education Instruction Policy

Mountain Heights Academy

Sex Education Instruction Policy

Adopted: December 1, 2014 (Human Sexuality Instruction Policy)

Amended: September 15, 2017 (Human Sexuality Instruction Policy)

Amended: October 5, 2018

Policy

The purpose of this policy is to ensure that the Sex Education Curriculum taught at Mountain Heights Academy (the “School”) is compliant with state law. The School will comply with applicable state law regarding the presentation of Sex Education instruction or instructional programs.

"Sex education instruction or instructional programs" means any course, unit, class, activity or presentation that provides instruction or information to students about sexual abstinence, human sexuality, human reproduction, reproductive anatomy, physiology, pregnancy, marriage, childbirth, parenthood, contraception, or HIV/AIDS, sexually transmitted diseases, or refusal skills, as defined in Utah Code § 53G-10-402. While these topics are most likely discussed in courses such as health education, health occupations, human biology, physiology, parenting, adult roles, psychology, sociology, child development, and biology, this policy applies to any course or class in which these topics are the focus of discussion.

Every two years the Board of Directors will (a) review this policy; and (b) review data for the county in which the School is located regarding teen pregnancy, child sexual abuse, sexually transmitted diseases and sexually transmitted infections, and the number of pornography complaints or other instances reported in the School.

In accordance with state law, all sex education instruction or instructional programs will comply with the requirements of Utah Code § 53G-10-402 and Utah Admin Code R277-474.

Specifically, the School will:

- teach sexual abstinence before marriage and fidelity after marriage as methods for preventing certain communicable diseases;
- teach personal skills that encourage individual choice of abstinence and fidelity; and

- obtain prior parental consent before any sex education instruction, maturation education, or other instructional program.

The Director will establish a curriculum materials review committee composed of parents, school employees, and others selected by the Director. If possible, the committee will also include health professionals and school health educators. The committee will have at least as many parents as school employees. The School's Board of Directors will review and approve the membership of the committee on or before August 1 each year.

The curriculum materials review committee will meet on a regular basis, as determined by the members of the committee, select officers for the committee and designate a committee chair, and comply with the Open and Public Meetings Act. The committee will review and make recommendations to the School's Board of Directors regarding instructional materials to be used by the School in connection with sex education instruction or a maturation education program. Program materials and guest speakers supporting instruction on these topics must also be reviewed and approved by the curriculum materials review committee.

Instructional materials used by the School in connection with sex education instruction or a maturation education program must be approved by the School's Board of Directors in an open meeting. These materials will comply with the requirements of applicable law and will be available for parents to review for a reasonable period of time prior to consideration for adoption by the Board of Directors.

The following topics may not be taught in the School:

- The intricacies of intercourse, sexual stimulation or erotic behavior;
- The advocacy or encouragement of the use of contraceptive methods or devices; or
- The advocacy of premarital or extramarital sexual activity.

The School will comply with the Utah Family Educational Rights and Privacy Act, Utah Code § 53E-9-202 through -203 and obtain parental consent prior to any sex education instruction, maturation education, or other instructional program. At no time will a student be in the classroom during any sex education instruction, maturation education, or other instructional program unless an approval form signed by the student's parent/guardian is on file. The parental notification form will:

- a) explain a parent's right to review proposed curriculum materials in a timely manner;

- b) request the parent's permission to instruct the parent's student in identified course material related to sex education or maturation education;
- c) allow the parent to exempt the parent's student from attendance for a class period where identified course material related to sex education instruction or maturation education is presented and discussed;
- d) be specific enough to give parents fair notice of topics to be covered;
- e) include a brief explanation of the topics and materials to be presented and provide a time, place and contact person for review of the identified curricular materials;
- f) be retained on file with affirmative parental consent for each student prior to the student's participation in discussion of issues protected under Section 53G-10-402; and
- g) be maintained at the School for a reasonable period of time.

Instructors may not intentionally elicit comments or questions about matters subject to parental consent requirements. Additionally, instructors' responses to questions spontaneously raised by students must be brief, factual, objective and in harmony with content requirements of this policy and state law. Responses must also be age appropriate and limited in scope to that reasonably necessary under the circumstances.

The School will ensure that all educators with any responsibility for any aspect of sex education instruction will receive appropriate professional development outlining the sex education curriculum and the criteria for sex education instruction. The School will ensure that educators receive this professional development at least once every three years. Additionally, the School will ensure that such educators are familiar with requirements of the Utah Family Educational Rights and Privacy Act.

Staff Grievance Policy

Mountain Heights Academy Staff Grievance Policy Adopted: August 3, 2012

Purpose

The Board of Directors (“Board”) of Mountain Heights Academy (the “School”) values open communication between faculty, staff, administration, and the Board. The Board also believes that individuals can generally resolve their own disputes through open, respectful communication. If a situation arises that cannot be resolved between the parties involved, then this policy will be used. The purpose of this policy is to ensure that staff members understand how to pursue the resolution of grievances, concerns and disputes involving other School employees.

The Board wishes to emphasize that the School is an at-will employer, and this policy is not intended to modify the at-will employment relationship between the School and its employees.

Policy

A staff member who has a complaint regarding another staff member must first address the issue with the other employee involved and work reasonably and in good faith to resolve the concern.

A staff member that is not able to resolve the dispute himself or herself may then raise the issue with the School’s Director.

If a staff member’s complaint involves the Director, the staff member must first address the issue with the Director and work reasonably and in good faith to resolve the problem.

A staff member should not direct complaints to the Board unless and until he or she has worked in good faith to resolve the issues with the other individual and with the School’s Director.

In the event the staff member and the Director are unable to resolve a complaint and the staff member wishes to bring the issue to the Board’s attention, the complaint may be directed to the Board in writing. Complaints shall specify the individual(s) involved, details of the incident(s)

giving rise to the complaint, including dates and approximate times, details of attempts to resolve the problem, and the requested solution. The Board will then consider the complaint and take whatever action it deems appropriate.

This policy does not confer upon any employee of the School any additional rights. Accordingly, the existence of this policy does not preclude the School from terminating any employee for any lawful reason even if the employee is pursuing the resolution of a grievance.

Additionally, this policy is not intended to discourage an employee from reporting to the appropriate individual(s) a legal violation committed by another employee and does not limit a School employee's right to appropriately report a legal violation committed by another employee.

Student Conduct and Discipline Policy

Mountain Heights Academy

Student Conduct and Discipline Policy

Adopted: October 5, 2010 (Safe School Policy)

Amended: May 19, 2017

Amended: October 5, 2018

1. PURPOSE, BELIEFS, AND PHILOSOPHY

1.1 Purpose

The purpose of Mountain Heights Academy's (the "School") Student Conduct and Discipline Policy is to help all students develop positive relationships with other students and adults, take responsibility for their actions and learning, and develop the self-discipline necessary to create an environment that is characterized by physical and emotional safety in order to enhance learning for everyone.

The School will foster a school and community-wide expectation of good citizenship for students and a sense of responsibility in the school community for rules and standards of behavior.

The School will promote and require:

- student responsibility for learning and behavior;
- student conduct that produces a proper learning environment and respect for the personal, civil, and property rights of all members of the School community;
- parents and guardians of all students to assume proper responsibility for their students' behavior and to cooperate with School authorities in encouraging student self-discipline and discouraging behavior that is disruptive to the School's educational program.

1.2 Beliefs and Expectations

The School's beliefs and expectations set a positive and inviting culture for dealing with student behavior issues.

Beliefs:

- Punishment alone will not change behavior
- Much aggressive behavior is a relationship problem, not a behavior problem
- Adults must model the behaviors they expect from the students
- We expect conflicts, but we expect conflicts to be resolved and relationships mended

Expectations:

- Students will show respect for other students
- Students will show respect for adults
- Adults will show respect for students
- Students will develop self-discipline

1.3 Procedural Philosophy

The School recognizes that establishing a procedural philosophy consistent with the desired positive school environment is as important as following legal and due process procedures. The School's policy sets forth appropriate legal and due process procedures and will be followed within the context of the procedural philosophy outlined below:

Procedures:

When students are involved in conflicts with other students, they will:

- Work together to resolve the conflict
- Work to repair the relationship and build trust
- Be subject to additional consequences if they exhibit unsafe behaviors during the conflict

When students are involved in a conflict with or feel they have been treated unfairly by a member of the staff or a volunteer, they will:

- Report their feelings to their parent or to the administrator or counselor, who will work together to set up a conference with the student, the parent, an administrator or counselor, and the adult involved in order to resolve the conflict and mend the relationship

When students flagrantly disregard the safety of others, show blatant disrespect to others, or consistently behave in a disrespectful or unsafe way:

- The student will be subjected to consequences and positive behavior support to ensure that the student will make better choices in the future. Consequences might include:
 - Suspension
 - Expulsion
 - Restitution
 - Repayment for damages
- The student will work to earn back the trust of the school community by actions such as:
 - Genuine apology to injured or affected parties
 - Demonstration of appropriate behaviors following the incident
 - Repair or replace any damaged items

Due process to protect the rights of students will include:

- All students will be treated with dignity and respect as they go through correction procedures. The administration will see to it that their rights are protected through the process. If parents feel their student has not been treated fairly, they may request a hearing with the School's Board of Directors (the "**Board**") in accordance with the School's Grievance Policy.

- Parents will be notified when students are involved in situations that are deemed to be serious.
- Parents and students will be notified of the expectations, possible consequences, and the procedures involved in this policy at the beginning of each school year.

2. ENVIRONMENT

2.1 Safe School Environment

It is the School's policy to promote a safe and orderly school environment for all students and employees. Accordingly, the School holds all students, employees, and other adults to the highest standards of behavior in connection with the use of the School's electronic resources and while participating in School-related or School-sponsored activities. Criminal acts or disruptive behavior of any kind will not be tolerated, and any individual who engages in such activity will be subject to disciplinary action, criminal prosecution, or both.

2.2 Discrimination Prohibited

It is the School's policy to provide equal educational and employment opportunity for all individuals. Therefore, the School prohibits all discrimination on the basis of race, color, religion, sex, age, national origin, disability, or veteran status. Complaints of discrimination or unfair application of this policy should be submitted pursuant to the School's Grievance Policy.

3. DEFINITIONS

3.1 Suspension

For purposes of this policy, suspension is a temporary removal of a student from School-related and School-sponsored activities for a period of up to one (1) year. A student who is suspended may, at the Director's discretion, have access to homework, tests, and other schoolwork but will not be allowed to attend or participate in any classes or other School activities during the period of suspension.

3.2 Expulsion

For purposes of this policy, expulsion means the formal process of dismissing a student from School. Recognizing that students who commit violent or disruptive acts may pose safety problems, the School will work with parents to provide alternative educational placement and programs for the student where appropriate and feasible. However, the Director retains the authority to exclude the student from all programs or activities for the period of expulsion.

3.3 Change of Placement for Students with Disabilities under IDEA and Section 504

For purpose of the removal of a student with a disability from the student's current educational placement, a "change of placement" occurs if (a) the removal is for more than ten (10)

consecutive school days or (b) the student is subjected to a series of removals that constitute a pattern because they total more than ten (10) school days in a school year or because of factors such as the length of each removal, the total amount of time the student is removed, and the proximity of the removals to one another. Any "change of placement" requires compliance with the procedures outlined in Section 10 of this policy.

3.4 Disruptive Student Behavior

For purposes of this policy, "disruptive student behavior" means the behavior identified as grounds for suspension or expulsion described in Section 4.1, below.

3.5 Parent

For purposes of this policy, "parent" means (i) a custodial parent of a school-age minor; (ii) a legally appointed guardian of a school-age minor; or (iii) any other person purporting to exercise any authority over the minor which could be exercised by a person described above.

3.6 Qualifying Minor

For purposes of this policy, "qualifying minor" means a school-age minor who: (i) is at least nine years old; or (ii) turns nine years old at any time during the school year.

Any student identified as being disabled under either Section 504 of the Rehabilitation Act or the Americans with Disabilities Act who currently is engaging in the illegal use of drugs or alcohol shall be suspended or expelled to the same extent as non-disabled students for the possession, use, control, distribution, sale, or arrangement of the sale of illegal drugs, alcohol, or controlled substances in conjunction with any School-related or School-sponsored activity.

4.4.3 Drug Testing

[b] Any student who has been suspended or expelled for a violation of Section 4.4 may be required to provide a clean drug test and evidence of completion of drug assessment and/or drug counseling programs as a condition of readmission to School. Testing and counseling required as a condition of readmission rather than for the purpose of providing justification for the initial suspension or expulsion shall be arranged and paid for by the student's parent or guardian.

[c] Students who refuse to submit to required drug testing and counseling programs or to cooperate with School officials with respect to the sharing of appropriate information, may be expelled from the School.

Bullying, cyber-bullying, harassment, hazing, and abusive conduct of students and employees are against federal law, state law, and School policy, and are not tolerated by the School. School administration has the authority to discipline students and employees for off-campus speech that causes or threatens a substantial disruption on campus, at School activities, or causes or threatens a significant interference with a student's educational performance or involvement in School activities.

Additional information regarding these issues are contained in the School's Bullying and Hazing Policy, which is available on the School's website.

5. AUTHORITY TO SUSPEND OR EXPEL

5.1 Authority to Suspend for Ten (10) Days or Less for Regular Education Students

The Director has the authority to suspend a regular education student for up to ten (10) school days. In considering whether to suspend a student, the Director shall consider all relevant factors, including but not limited to, the severity of the offense, the student's age, disability, academic status and disciplinary record, parental capabilities, and community resources. The Director may not suspend for longer than ten (10) school days or otherwise change student placement. Whenever the Director proposes suspending a student for more than ten (10) school days, the Director shall refer the matter to the Board or to the Board member designated by the Board to address such issues.

5.2 Authority to Suspend and Duration of Suspension for Students with Disabilities

The Director has the authority to suspend a student with disabilities (504 or IDEA) for not more than ten (10) consecutive school days, and additional removals of not more than ten (10) total school days in that same school year for separate incidents of misconduct as long as those removals do not constitute a pattern resulting in a change of placement. The School need not provide services during periods of removal of ten (10) days cumulative or less if services are not provided to a student without disabilities who has been similarly suspended.

5.3 Authority to Suspend for Longer than Ten (10) Days or Expel for Regular Education Students

Either the Board or a Board member designated by the Board may suspend for longer than ten (10) days or expel a regular education student.

Expulsions shall be reviewed by the CMT and the conclusions reported to the Board at least once each year if the parent/guardian of the expelled student has expressed a desire for the student to return to the School.

5.3.1 Parental Responsibility

If a student is suspended for a period longer than ten (10) days or expelled, the student's parent or legal guardian is responsible for undertaking an alternative education plan that will ensure that the student's education continues during the period of expulsion. The parent or guardian shall work with designated School officials to determine how the student's education will continue through private education paid for by the parents, an alternative program offered by the local school district, or other alternatives which will reasonably meet the educational needs of the student. Costs of educational services which are not provided by the School are the responsibility of the student's parent or guardian.

5.3.2 The parent or guardian and designated School officials may enlist the cooperation of the Division of Child and Family Services, the juvenile court, law enforcement, or other appropriate government agencies in determining how to meet the educational needs of the student.

5.3.3 The School shall contact the parent or guardian of each student under age 16 who has been expelled from all School programs and services at least once a month to determine the student's progress if the parent/guardian of the expelled student has expressed a desire for the student to return to the School.

5.4 Authority to Institute Change of Placement for Student with Disabilities

Where the student is receiving special education services or accommodations on the basis of disability under IDEA, 504, or ADA, procedures outlined in the State of Utah Special Education Rules shall be followed, including prior written notice to parents or guardians regarding their procedural due process rights, before any long-term disciplinary action or change of placement takes place.

6. PROCEDURES FOR ADDRESSING DISRUPTIVE STUDENT BEHAVIOR – Utah Code Ann. § 53G-8-210

6.1 Efforts to Resolve Disruptive Student Behavior Problems

6.1.1 Information About Resources. The School will provide to a parent of a student who engages in disruptive student behavior a list of resources available to assist the parent in resolving the student's disruptive behavior problem.

6.1.2 Procedures for Resolving Problems. The Director or a teacher or counselor designated by the Director will work with students who engage in disruptive student behavior according to the procedures identified in Section 7, below, in an attempt to help the student's behavior to improve

and to prevent problems from escalating. Incidents of disruptive student behavior and attempts to resolve behavior issues will be documented.

6.2 Notice of Disruptive Student Behavior

6.2.1 Authorization. The Director is authorized to issue notices of disruptive student behavior to students who are qualifying minors.

6.2.2 Criteria for Issuing Notice. The Director will issue a “notice of disruptive student behavior” to a qualifying minor who:

[a] engages in “disruptive student behavior” that does not result in suspension or expulsion three times during the school year; or

[b] engages in disruptive student behavior that results in suspension or expulsion once during the school year.

6.2.3 Contents of Notice. The notice of disruptive student behavior will:

[a] require the qualifying minor and a parent of the qualifying minor to whom the notice is issued to (i) meet with School authorities to discuss the qualifying minor's disruptive student behavior; and (ii) cooperate with the Director and the Board in correcting the student's disruptive student behavior; and

[b] be mailed by certified mail to, or served in person on, a parent of the qualifying minor.

6.2.4 Contesting Notice. A qualifying minor, or a qualifying minor's parent, may contest a notice of disruptive student behavior by requesting in writing, within ten (10) business days after receipt of the notice, a meeting with the CMT at which the parent and the CMT will discuss the facts related to the student’s behavior, the basis of the parent’s concerns with or objections to the issuance of the notice, and efforts that have been made to address the behavior problems.

6.3 Habitual Disruptive Student Behavior Notice

6.3.1 Criteria for Issuing Notice. The Director may issue a “habitual disruptive student behavior notice” to a qualifying minor who:

[a] engages in disruptive student behavior that does not result in suspension or expulsion at least six times during the school year;

[b] (i) engages in disruptive student behavior that does not result in suspension or expulsion at least three times during the school year; and (ii) engages in disruptive student behavior that results in suspension or expulsion at least once during the school year; or

[c] engages in disruptive student behavior that results in suspension or expulsion at least twice during the school year.

6.3.2 Notice to Parents. Within five (5) days after the day on which a habitual disruptive student behavior notice is issued, the Director shall provide documentation to a parent of the qualifying minor who receives the notice of the efforts made by a School representative under Section 7, below.

6.4 Responses to School-Based Behavior

6.4.1 Definitions.

[a] “Mobile crisis outreach team” means a crisis intervention service for minors or families of minors experiencing behavioral health or psychiatric emergencies.

[b] “Restorative justice program” means a school-based program or a program used or adopted by a school that is designed to enhance school safety, reduce school suspensions, and limit referrals to court, and is designed to help minors take responsibility for and repair the harm of behavior that occurs in school.

[c] “Youth court” means the same as that term is defined in § 78A-6-1203, including that it is a diversion program that provides an alternative disposition for cases involving juvenile offenders in which youth participants, under the supervision of an adult coordinator, may serve in various capacities within the courtroom, acting in the role of jurors, lawyers, bailiffs, clerks, and judges.

6.4.2 Alternative School-Related Interventions. The Board may establish or partner with a certified youth court program or establish or partner with a comparable restorative justice program. The School may refer a student to youth court or a comparable restorative justice program in accordance with § 53G-8-211.

6.4.3 Referrals of Minors. A qualifying minor to whom a habitual disruptive student behavior notice is issued under Section 6.3.1 may not be referred to the juvenile court. The School will follow § 53G-8-211 with respect to referring a minor who is alleged to have committed an offense on school property or that is truancy. In accordance with § 53G-8-211:

[a] if the alleged offense is a class C misdemeanor, an infraction, a status offense on School property, or truancy, the minor may not be referred to law enforcement or court but may be referred to alternative school-related interventions, including:

However, documentation of an alleged class B misdemeanor or a nonperson class A misdemeanor must be provided prior to referring the minor to the juvenile court.

7. ALTERNATIVES TO EXPULSION, OR CHANGE OF PLACEMENT FOR FREQUENT OR FLAGRANT DISRUPTIVE BEHAVIOR – Utah Code Ann. § 53G-8-207

A continuum of intervention strategies shall be available to help students whose behavior in School repeatedly falls short of reasonable expectations. Prior to suspending a student for more than ten (10) days or expelling a student for repeated acts of willful disobedience, defiance of authority, or disruptive behavior which are not so extreme or violent that immediate removal is warranted, good faith efforts shall be made to implement a remedial discipline plan to allow the student to remain in the School.

7.1 Before referring the student for long-term suspension, expulsion or change of placement under this Section, School staff should demonstrate that they have attempted some or all of the following interventions:

8.1 The Director shall notify the student's custodial parent or guardian of the following without delay: that the student has been suspended, the grounds for the suspension, the period of time for which the student is suspended, and the time and place for the parent or guardian to meet with the Director to review the suspension.

8.2 The Director shall also notify any non-custodial parent, if requested in writing, of the suspension.

8.2.1 Section 8.2 does not apply to the portion of School records which would disclose any information protected under a court order.

8.3 The Director shall document the charges, evidence, and action taken.

8.4 The student shall be requested to present his/her version of the incident in writing. Students with disabilities or young students who are unable to write their own statements shall be accommodated through the use of tape recorder, scribe, etc.

8.5 If the student denies the charges, the student shall be provided with an explanation of the evidence and an opportunity to present his/her version of the incident to the Director.

8.6 In general, the notice and informal conference shall precede the student's removal from the School.

8.7 If, in the judgment of the Director, notice is not possible because the student poses a danger to a person or property or an ongoing threat of disrupting the academic process, he/she may be removed immediately. However, in such cases, the necessary notice and hearing shall follow as soon as possible.

9. DUE PROCESS FOR SUSPENSIONS OF MORE THAN TEN (10) DAYS AND EXPULSIONS

9.1 If the Director believes that a student should be suspended for more than ten (10) days or expelled, the Director shall refer the matter to the Board or the Board member designated by the Board to handle such matters.

9.4 Notice to Student and Parent/Guardian

If the Board or the Board member designated by the Board to handle such matters determines, after considering the totality of the circumstances and consulting with the CMT, that a student should be suspended for longer than ten (10) school days or expelled, the Director shall send written notice by certified mail, return receipt requested, to the student's parent or legal guardian, which includes all of the following elements:

9.4.1 a description of the alleged violation(s) or reason(s) giving rise to disciplinary action;

9.4.2 the penalty being imposed (duration of suspension or expulsion);

9.4.3 a statement that a due process hearing may be requested in writing within ten (10) working days of receipt of the notice;

9.4.4 a statement that, if a hearing is requested, the Board has the authority to appoint an impartial Hearing Officer(s), who may be an employee of the School;

9.4.5 a statement that the suspension or expulsion is taking effect immediately and will continue for the stated period unless a hearing is requested in a timely manner and the Hearing Officer determines otherwise;

9.4.6 the mailing date of the notice; and

9.4.7 a statement that, if a hearing is not requested within ten (10) working days after receipt of the notice, the School's decision to suspend or expel the student will be final, and the parent's right to oppose the School's decision will be waived.

9.5 Hearing Procedures

If a hearing is requested in response to the notice of expulsion, the following procedures shall apply:

9.5.1 After receipt of the request, the School shall schedule a hearing as soon as possible but not later than ten (10) school days following receipt of the request.

9.5.2 A written Hearing Notice shall be sent to the parent or guardian informing the parent or guardian of:

- [a] the name of the Hearing Officer;
- [b] the date, place, and time of the hearing;
- [c] the circumstances, evidence, and issues to be discussed at the hearing;
- [d] the right of all parties to cross-examine witnesses subject to the Hearing Officer's determination that this right should be limited to protect student witnesses from retaliation, ostracism or reprisal;
- [e] the right of all parties to appeal to the President of the Board within ten (10) working days following the decision if the parties disagree with the Hearing Officer's decision; and
- [f] the right of all parties to examine all relevant records.

9.5.3 The Hearing Officer shall conduct the hearing on the record and shall:

- [a] ensure that a written record of the Hearing is made, a copy of which shall be provided to all parties upon request, with the cost borne by the School;
- [b] consider all relevant evidence presented at the hearing;
- [c] allow the right to cross-examination of witnesses, unless the Hearing Officer determines that this right should be limited to protect student witnesses from ostracism, retaliation or reprisal;
- [d] allow all parties a fair opportunity to present relevant evidence; and
- [e] issue a written decision including findings of fact and conclusions.

9.5.4 Hearing Rules

Formal Rules of Evidence do not apply to the Hearing, and no discovery is permitted. However, the following rules will apply:

- [a] parties may have access to information contained in the School's files to the extent permitted by law;
- [b] hearings shall be closed to the press and the public;
- [c] documents, testimony, or other evidence submitted by the parties after the hearing will not be considered by the Hearing Officer; and
- [d] the Hearing Officer may excuse witnesses or parties or suspend or terminate a hearing if

persons involved in the hearing are abusive, disorderly, disruptive, or if they refuse to abide by the rules and orders of the Hearing Officer.

9.6 Appeals

9.6.1 Within ten (10) working days following receipt of the hearing Officer's written decision, either party may appeal the decision, in writing, to the President of the Board.

9.6.2 Within ten (10) working days following receipt of the appeal, the Board President shall rule on the appeal.

10. DUE PROCESS FOR CHANGE OF PLACEMENT OF STUDENTS WITH DISABILITIES

Where the student is receiving special education services or accommodations on the basis of disability under IDEA, 504 or ADA, procedures outlined in the Utah State Board of Education Special Education Rules shall be followed, including prior written notice to parents or guardians regarding their procedural due process rights, before any long-term disciplinary action or change of placement takes place.

10.1 Required Services

10.1.1 504 and ADA Students

When a determination is made that the conduct of a 504 or ADA student (but not a student who is disabled under IDEA) is not a manifestation of the student's disability pursuant to Section 10.5, the student shall be subject to the same disciplinary consequences as regular education students, up to and including expulsion from School; however, the School must continue to provide education services in accordance with guidelines established by the Utah State Office of Education.

10.1.2 IDEA

A school need not provide services during periods of removal to a student with a disability under IDEA who has been removed from his or her current placement for ten (10) school days or less in that school year if services are not provided to a student without disabilities who has been similarly removed.

If a student with a disability under IDEA has been removed from his or her current placement for more than ten (10) school days in the same school year, for the remainder of the removals the School shall provide services to the extent necessary to enable the student to progress in the general curriculum and appropriately advance toward achieving the goals set out in the student's IEP. School personnel, in consultation with the student's special education teacher, determine the extent to which services are necessary to enable the student to appropriately progress in the general curriculum and advance toward achieving the goals set out in the student's IEP.

10.2 Change of Placement for Weapons, Drugs, or Serious Bodily Injury

A student's IEP team may order a change in placement of a student with a disability to an appropriate interim alternative educational setting for the same amount of time that a student without a disability would be subject to discipline, but for not more than forty-five (45) days, if:

10.2.1 The student carries a weapon to or possesses a weapon at School, on School premises, or to or at a School-sponsored activity; or

10.2.2 The student knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at School, on School premises, or at a School-sponsored activity; or

10.2.3 The student has inflicted serious bodily injury upon another person while at School, on School premises, or at a School-sponsored activity.

10.3 Change of Placement Due to Student's Serious Misconduct

School officials may request an expedited due process hearing in order to change the placement of a student with a disability to an appropriate interim alternative educational setting, recommended by the student's IEP team, for not more than forty-five (45) days. A hearing officer may order such a change, if he/she:

10.3.1 Determines that School officials have demonstrated by substantial evidence that maintaining the current placement of a student is substantially likely to result in injury to the student or others;

10.3.2 Considers the appropriateness of the student's current placement;

10.3.3 Considers whether School officials have made reasonable efforts to minimize the risk of harm in the student's current placement, including the use of supplementary aids and services; and

10.3.4 Determines that the interim alternative educational setting being recommended by School officials (1) has been selected so as to enable the student to continue to progress in the general curriculum, although in another setting, and to continue to receive those services and modifications, including those described in the student's current IEP, that will enable the student to meet the goals set out in that IEP: and (2) includes services and modifications designed to address the behavior at issue so that it does not recur.

10.4 Parental Notice

As soon as a decision is made by School officials to remove a student with a disability from his/her current placement for more than ten (10) school days, the student's parents must be notified of that decision and of all procedural safeguards outlined by law and School policy.

10.5 IEP Meetings for Manifestation Determination

10.5.1 Immediately, if possible, but in no case later than ten (10) school days after the date on which the decision is made to remove the student from the current placement, a review must be conducted of the relationship between the student's disability and the behavior subject to the disciplinary action.

10.5.2 The manifestation review must be conducted by the student's IEP team and other qualified School personnel.

10.5.3 In conducting the manifestation review, the IEP team may determine that the behavior of the student was not a manifestation of student's disability only if the IEP team:

[a] First considers, in terms of behavior subject to disciplinary action, all relevant information, including:

(i) Evaluation and diagnostic results, including the results or other relevant information supplied by the parents of the student;

(ii) Observations of the student; and

(iii) The student's IEP and placement; and

[b] Then determines whether:

(i) The conduct in question was caused by or had a direct and substantial relationship to the child's disability; or

(ii) The conduct in question was the direct result of the School's failure to implement the student's IEP.

10.5.4 If the IEP team determines that either of the standards above was met, the behavior must be considered a manifestation of the student's disability.

10.5.5 Determination that Behavior was not Manifestation of Disability

If the result of the manifestation review is a determination that the behavior of a student with a disability was not a manifestation of the student's disability, the relevant disciplinary procedures applicable to students without disabilities may be applied to the student in the same manner in which they would be applied to students without disabilities, except that a free appropriate public education must still be made available to the student if the student is suspended or expelled from School.

10.5.6 Determination that Behavior was Manifestation of Disability

If the result of the manifestation review is a determination that the behavior of a student with a disability was a manifestation of the student's disability, the student must remain in or be returned to the prior placement.

10.6 IEP Meetings for Functional Behavioral Assessments

10.6.1 Post-Discipline Functional Behavioral Assessments

If School officials have not conducted a functional behavioral assessment and implemented a behavioral intervention plan for the student before the behavior that results in a removal from School for longer than ten (10) school days or a change of placement to an interim alternative educational setting, School officials shall convene an IEP meeting to develop an assessment plan and appropriate behavioral interventions to address that behavior.

10.6.2 Pre-Discipline Behavioral Intervention Plans

If the student already has a behavioral intervention plan, the IEP team shall review the plan and modify it, as necessary, to address the behavior.

10.7 Placement During Appeals and Stay Put

10.7.1 If a parent requests a due process hearing to challenge the interim alternative educational setting or the manifestation determination, the student must remain subject to the disciplinary action pending the decision of the hearing officer or until the expiration of the forty-five (45) day period, whichever occurs first, unless the parent and School officials agree otherwise.

10.7.2 If a student is placed in an interim alternative educational setting and School personnel propose to change the student's placement after expiration of the interim alternative placement, during the pendency of any proceeding to challenge the proposed change in placement the student must remain in the current placement (the student's placement prior to the interim alternative education setting), unless School officials succeed in getting an order through an expedited hearing as described in Section 10.3.

11. ADMINISTRATIVE STUDENT CONDUCT AND DISCIPLINE PLAN

11.1 Elements of Plan

The Director will develop, with input from administration, instruction and support staff, students, parents, and other community members, a Student Conduct and Discipline Plan. The plan shall be comprehensive, clearly written, consistently enforced, and include the following elements:

The administrative Student Conduct and Discipline Plan shall be consistent with this policy, including without limitation the provisions in Section 6 regarding notices of disruptive student behavior and the emergency safety intervention policies and procedures set forth in Section 18.

12. EXTRACURRICULAR ACTIVITIES

Participation in extracurricular activities is not a constitutionally protected civil right. Therefore, students who are suspended or expelled may lose the privilege of participation during the period of suspension/expulsion and may not be allowed to invoke due process procedures to challenge the denial of extracurricular participation.

13. RE-ADMISSION OF EXPELLED STUDENTS AND DENIAL OF ADMISSION BASED ON PRIOR EXPULSION – Utah Code Ann. §53G-8-205(3)

A student who is expelled from the School can only be re-admitted to the School through the School's standard lottery procedures.

A student may be denied admission to the School if he or she was expelled from the School or any other school during the preceding 12 months.

14. INVESTIGATIONS

Whenever the Director has reason to believe that School rules or policies have been broken, he or she shall proceed with an investigation. However, if the Director believes that laws have been broken or child abuse has occurred, he/she shall request appropriate authorities to conduct the investigation.

14.1 General Investigation Guidelines for Director

The Director has the authority and duty to conduct investigations and to question students pertaining to infractions of school rules, whether or not the alleged conduct is a violation of criminal law. The Director shall conduct investigations according to the following general guidelines:

14.1.1 The Director shall conduct investigations in a way that does not unduly interfere with School activities.

14.1.2 The Director shall separate witnesses and offenders in an attempt to keep witnesses from collaborating their statements and have all parties provide separate statements concerning the incident under investigation; written statements are preferable, if possible.

14.1.3 The Director shall advise students suspected of wrongdoing orally or in writing of the nature of the alleged offense.

14.1.4 Students must be provided an opportunity to give their version of the incident under investigation; however, refusals to respond or provide information should be respected.

14.1.5 When questioning students as part of an investigation, School staff should have another adult present whenever possible.

14.1.6 The Director shall accommodate students with disabilities and young children unable to write their own statements through use of tape recorders, scribes, etc.

14.1.7 All students involved in the investigation shall be instructed that retaliation is prohibited. Any act of reprisal against any person who has testified, assisted, or participated in any manner in an investigation, proceeding, or hearing is strictly prohibited and subject to disciplinary action.

14.1.8 When the investigation is completed and if it is determined that disciplinary action may be

in order, due process requirements must be met. Specifically, the student must be given proper notice of the charges against him/her and the disciplinary action being recommended, as well as a fair opportunity to present his or her version of the facts.

14.2 Coordination with Law Enforcement

The Director has the responsibility and the authority to determine when the help of law enforcement officers is necessary, as outlined in this policy and Utah State law.

14.2.1 The School administration may invite law enforcement officials to:

- [a] conduct an investigation of alleged criminal conduct in connection with School electronic resources of a School-related or School-sponsored activity;
- [b] maintain a safe and orderly educational environment; or
- [c] maintain or restore order when the presence of such officers is necessary to prevent injury to persons or property.

14.2.2 Investigation of Criminal Conduct

During an investigation for violation of School rules, it may become evident that the incident under investigation may also be a violation of criminal law. If the School official has reason to suspect that a criminal act has been committed and, in the opinion of the Director, law enforcement should be notified, the following procedure should be followed:

- [a] The Director shall request that law enforcement officers conduct an investigation and question students who are potential witnesses to the alleged criminal behavior.
- [b] The School official shall inform the student's parent or legal guardian as soon as possible that the student may have committed a criminal act and that law enforcement authorities will be involved in the investigation.
- [c] Unless circumstances dictate otherwise, questioning of the student by School officials shall not begin or continue until the law enforcement officers arrive.
- [d] Reasonable attempts shall be made to contact the student's parents or legal guardian who, unless an emergency exists, shall be given the opportunity to meet with the student and to be present with the student during questioning by law enforcement authorities.
- [e] The Director shall document the contact or attempted contact with the student's parents or legal guardian. If the Director cannot contact the student's parent or guardian, or if the parent or guardian is unable to be present with the student for questioning, the Director shall be present and document generally what occurs during the interview.

[f] The student shall not be questioned by law enforcement unless or until he/she has received Miranda warnings from the officer.

[g] If the parent or student refuses to consent to questioning by law enforcement authorities, the law enforcement authorities shall determine the course of action to be pursued.

14.2.3 Investigation Initiated by Law Enforcement Authorities

School officials shall cooperate with law enforcement authorities who are carrying out official duties such as investigating crimes, serving subpoenas, etc.

[a] When law enforcement officers can show a need to do so, they shall be permitted to conduct an investigation.

[b] Such a need will ordinarily be shown if delay in police investigation might result in danger to a person, flight from jurisdiction by a person reasonably suspected of a crime, or destruction of evidence. In such cases:

(i) The officers shall be required to get prior approval of the Director or other designated person before beginning an investigation of School property.

(ii) The Director shall document the circumstances warranting the investigation as soon as practical.

(iii) Alleged criminal behavior related to the School environment brought to the Director's attention by law enforcement officers shall be dealt with under the provisions of Section 14.1.

(iv) Law enforcement officials (investigating School-related or student-related crimes) may not have access to student education records, aside from directory information, unless they have a subpoena or court order or permission from parent or guardian.

(v) Directory information is limited to a student's name, home address, date of birth, phone number, class schedules and parents' address and phone numbers for use in case of emergency.

14.2.4 Release of Student to Law Enforcement Official

[a] Students may not be released to law enforcement authorities voluntarily by School officials unless the student has been placed under arrest or unless the parent or legal guardian and the student agree to the release.

[b] When students are removed for any reason by law enforcement authorities, every reasonable effort shall be made to contact the student's parent or legal guardian immediately except in cases of child abuse and neglect. Such effort shall be documented.

[c] The Director shall immediately notify the Board of the removal of a student from School by

law enforcement authorities.

[d] Where it is necessary to take a student into custody during a School-sponsored activity, the law enforcement officer shall contact the Director and relate the circumstances necessitating such action.

[e] Whenever the need arises to make arrests or take students into custody during a School-sponsored activity, the Director shall make reasonable efforts to consult and confer with the law enforcement officers as to how an arrest is to be made.

[f] When a student has been taken into custody or arrested during a School-sponsored activity without prior notification to the Director, the School staff present shall encourage the law enforcement officers to tell the Director of the circumstances as quickly as possible. If the officers decline to tell the Director, the School staff members present shall immediately notify the Director.

14.2.5 Quelling Disturbances of School Environment

Law enforcement officers may be requested to assist in controlling disturbances of the School environment that a Director has found to be unmanageable by School personnel and that has the potential of causing harm to students and other persons or to property. Such circumstances include situations where a parent or member of the public exhibits undesirable or illegal conduct at a School-sponsored activity and who refuse to abide by a Director's directive to leave the premises.

15. INVESTIGATION OF CHILD ABUSE AND NEGLECT

Utah law requires that whenever any person, including any School employee, has reason to believe that a child has been subjected to incest, molestation, sexual exploitation, sexual abuse, physical abuse, or neglect, or observes a child being subjected to conditions or circumstances which would reasonably result in such, he/she shall immediately notify the nearest peace officer, law enforcement agency, or office of the Division of Child and Family Services.

15.1 The School shall distribute annually to all School employees copies of the School's procedures for reporting suspected child abuse or neglect.

15.2 If there is reason to believe that a child may have been subjected to abuse or neglect, an oral report shall be made immediately by the School employee reporting the abuse/neglect with a written report to follow within twenty-four (24) hours.

15.2.1 When making the oral report, always have the person you notify identify himself/herself. The notified person's name shall be entered on the written report.

15.2.2 A copy of the written report shall be put in a child abuse-neglect file to be maintained by the Director, for all reported cases of suspected child abuse or neglect.

15.2.3 The child abuse-neglect reporting form shall not be placed in the student's personal file.

15.3 It is not the responsibility of the Director or other School employees to prove that the child has been abused or neglected, or to determine whether the child is in need of protection.

15.3.1 Investigation by staff prior to submitting a report shall not go beyond that necessary to support a reasonable belief that a reportable problem exists.

15.3.2 To determine whether or not there is reason to believe that abuse or neglect has occurred, professional School employees may (but are not required to) gather information only to the extent necessary to determine whether a reportable circumstance exists.

15.3.3 Interviews with the child or suspected abuser shall not be conducted by the Director or School employees.

15.3.4 Notes of voluntary or spontaneous statements by the child shall be made and given to the investigating agency.

15.3.5 The Director, School employees, Division of Child and Family Services and law enforcement personnel are required to preserve the anonymity of those making the initial report and any others involved in the subsequent investigation.

15.3.6 Investigations are the responsibility of the Division of Child and Family Services.

[a] The Director or other School employees shall not contact the parents, relatives, friends, neighbors, etc. for the purpose of determining the cause of the injury and/or apparent neglect.

[b] School officials shall cooperate with social service and law enforcement agency employees authorized to investigate reports of alleged child abuse and neglect, assisting as asked as members of interdisciplinary child protection teams in providing protective diagnostic, assessment, treatment, and coordination services.

15.3.7 Persons making reports or participating in good faith in an investigation of alleged child abuse or neglect are immune, in accordance with state law, from any civil or criminal liability that otherwise might arise from those actions.

16. SEARCHES OF PERSON OR PROPERTY

Given the School's custodial and tutelary responsibility for children, and the Board's intent to preserve a safe environment for all students and staff, the Board recognizes that School officials must have the authority to conduct reasonable searches of students and student property. School officials engaging in searches of students and property shall abide by the following guidelines:

16.1 General Guidelines for Searches of Person or Property

16.1.1 Searches of Students and Student Property

Searches of a student's person, personal property (coats, hats, backpacks, bookbags, purses, wallets, notebooks, gym bags, etc.) may be conducted whenever the student's conduct creates a reasonable suspicion that a particular School rule or law has been violated and that the search is reasonably related to the suspicion and not excessively intrusive in light of the age and sex of the student and nature of the infraction. Circumstances warranting a search include those in which School officials have a reasonable suspicion that the student or student property is concealing items including but not limited to weapons, drugs, alcohol, tobacco, unsafe contraband, pornography, pagers or lost/stolen/misplaced items.

16.2 Searches of Personal Belongings

16.2.1 Personal belongings may be searched by School officials whenever School officials have a reasonable suspicion to believe a student is concealing evidence of a policy violation or criminal activity and the items being searched are capable of concealing such evidence. The student may be asked to open personal belongings and to turn over personal property for search by a School official. All searches of student property by School officials shall be witnessed by an objective third party (such as another teacher, or police officer) to observe that the search is not excessively intrusive.

16.2.2 All contraband discovered in a search by School officials shall be immediately confiscated and turned over to law enforcement officers if School officials have reason to believe the contraband is related to the commission of a criminal act.

16.3 Searches of Person

16.3.1 School officials shall make sure the search meets the following guidelines:

[a] The search shall be conducted in a private area of the School by a School official of the same sex as the student being searched;

[b] The search shall be observed by an objective third party of the same sex as the student being searched (i.e., Director, teacher, police officer);

[c] School officials may ask the student to remove his/her hat, coat, shoes and socks, turn pockets inside out, and roll up sleeves to see if the student is hiding contraband;

[d] Under no circumstances may School officials require students to remove any other items of clothing or touch students in any way during the search.

[e] If this limited search does not turn up suspected contraband and School officials have reasonable suspicion that the student is concealing contraband in his/her inner clothing (i.e., hiding drugs, weapons or other contraband underneath shirts, pants or underwear), law enforcement officers shall be summoned immediately to conduct further search and

investigation.

[f] In general, all questioning and searching of students conducted by law enforcement officers shall proceed according to the investigation guidelines in Section 14 of this policy.

16.4 Documentation of Searches

School officials shall thoroughly document the details of any search conducted of a student's property or person. Documentation shall be made at the time of the search, or as soon as possible thereafter, and shall include the following:

16.4.1 The time, place and date of the search;

16.4.2 The reasonable suspicion giving rise to the search (what did School officials suspect to find during the search);

16.4.3 The name and title of individuals conducting and observing the search;

16.4.4 A statement about evidence that was found or not found as a result of the search;

16.4.5 A statement about who took possession of contraband (i.e., police, school, etc.);

16.4.6 Information regarding the attempts of School officials to notify parents about the search.

17. RECORDS—INTERAGENCY COLLABORATION – 20 U.S.C. § 1232g(h)(i)-(2); Utah Code Ann. §§ 53G-8-402 to -405

17.1 Board and Director Notification by Juvenile Court and Law Enforcement Agencies.

17.1.1 Within three (3) days of being notified by the juvenile court that a juvenile has been adjudicated or of being notified by a law enforcement agency that a juvenile has been taken into custody or detention for a violent felony, defined in Utah Code Ann. § 76-3-203.5, or an offense in violation of Title 76, Chapter 10, Part 5 Weapons, the President of the Board shall notify the Director.

17.1.2 Upon receipt of the information, the Director shall make a notation in a secure file other than the student's permanent file; and, if the student is still enrolled in the School, the Director shall notify staff members who should know of the adjudication, arrest or detention.

17.1.3 Staff members receiving information about a juvenile's adjudication, arrest or detention may only disclose the information to other persons having both a right and a current need to know.

17.2 Student Discipline Records/Education Records

School officials may include appropriate information in the education record of any student

concerning disciplinary action taken against the student for conduct that posed a significant risk to the safety or well-being of that student, other students, or other members of the school community.

17.2.1 Disclosure of Discipline Records to Other Educators

School officials may disclose student discipline information described above to teachers and other School officials, including teachers and school officials in other schools, who have legitimate educational interests in the behavior of the student.

17.2.2 Disclosure of Discipline Records to Other Agencies

School officials shall not release personally identifiable student discipline records to other government agencies, including law enforcement agencies, unless the agency produces a subpoena or court order (need for standing court order from juvenile court), or unless the student's parent or guardian has authorized disclosure.

18. EMERGENCY SAFETY INTERVENTIONS

A School employee may not subject a student to physical restraint or seclusionary time out unless utilized as a necessary emergency safety intervention (“ESI”) in compliance with this Section.

18.1 Definitions

18.1.1 An “ESI” is the use of seclusionary time out or physical restraint when a student presents an immediate/imminent danger of physical violence/aggression towards self or others likely to cause serious physical harm. An ESI is not for disciplinary purposes.

18.1.2 “Physical restraint” means a personal restriction that immobilizes or significantly reduces the ability of a student to move his or her arms, legs, body, or head freely.

18.1.3 “Physical escort” means a temporary touching or holding of the hand, wrist, arm, shoulder, or back for the purpose of guiding a student to another location.

18.1.4 “Seclusionary time out” means that a student is placed in a safe enclosed area, isolated from adults and peers, and the student is, or reasonably believes, he or she will be prevented from leaving the area. The safe enclosed area must meet the fire and public safety requirements described in R392-200 and R710-4.

18.2 General Procedures

18.2.1 Teachers and other personnel who may work directly with students shall be trained on the use of effective alternatives to ESI as well as the safe use of ESI and a release criteria.

18.2.2 An ESI shall:

- [a] be applied for the minimum time necessary to ensure safety;
- [b] implement an appropriate release criteria;
- [c] be discontinued as soon as imminent danger of physical harm to self or others has dissipated;
- [d] be discontinued if the student is in severe distress;
- [e] never be used as punishment or discipline;
- [f] be applied consistent with the School's administrative Student Conduct and Discipline Plan; and
- [g] in no instance be imposed for more than 30 minutes.

18.3 Students with Disabilities Receiving Special Education Services

18.3.1 Use of ESI for a student with a disability receiving specialized educational services under IDEA or Section 504 shall be subject to all applicable state and federal laws, including Least Restrictive Behavioral Interventions (LRBI) policies and procedures for special education/504 programs.

18.3.2 Additionally, ESIs written into a student's IEP as a planned intervention are prohibited unless school personnel, the family, and the IEP team agree less restrictive means which meet the circumstances described in R277-608-5 have been attempted; a Functional Behavioral Assessment has been conducted; and a positive behavior intervention plan based on data analysis has been written into the plan and implemented.

18.4 Physical Restraint

18.4.1 A School employee may, in accordance with Section 18.2.2 and when acting within the scope of employment, use and apply physical restraint as an ESI in self defense or as may be reasonable and necessary under the following circumstances:

- [a] to protect the student or another person from physical injury;
- [b] to remove from a situation a student who is violent;
- [c] to take possession of a weapon or other dangerous object in the possession or under the control of a student; or
- [d] to protect property from being damaged, when physical safety is at risk.

18.4.2 When an employee exercises physical restraint as an ESI on a student, the following types of physical restraint are prohibited:

[a] prone, or face-down;

[b] supine, or face-up;

[c] physical restraint which obstructs the airway or adversely affects the student's primary mode of communication;

[d] mechanical restraint, except for seatbelts or safety equipment used to secure students during transportation, other appropriate protective or stabilizing restraints, and devices used by a law enforcement officer in carrying out law enforcement duties; or

[e] chemical restraint, except as prescribed by a licensed physician and implemented in compliance with a student's Health Care Plan.

18.4.3 Nothing in this Section prohibits a School employee from using less intrusive means, including a physical escort, to address circumstances described in Section 18.4.1.

18.5 Seclusionary Time Out

A School employee may, in accordance with Section 18.2.2 and when acting within the scope of employment, place a student in seclusionary time out as an ESI under the following circumstances:

18.5.1 the student presents an immediate danger of serious physical harm to self or others;

18.5.2 any door remains unlocked; and

18.5.3 the student is within line sight of the employee at all times.

18.6 Notification

18.6.1 If an ESI is used, the School or employee shall immediately notify the student's parent/guardian and School administration.

18.6.2 In addition to providing the notice described in Section 18.6.1, if the ESI is applied for longer than fifteen minutes, the School shall immediately notify the student's parent/guardian and School administration.

18.6.3 Parent notifications made under this Section shall be documented in the student information system as required by R277-609-10(3)(d)).
